Giving India a Secured Future

'I Own A Home' - these words immediately trigger a feeling of contentment and happiness, conjuring up a vision that brings a smile to the face and a sparkle to the eyes.

The aspiration of 'Owning a Home' is a cherished dream for most Indians.

Over the past 34 years, we, at DHFL, have been at the forefront of enabling homeownership dreams of the Lower and Middle Income (LMI) segments in Tier II and III towns across the country. We are securing our customer's future by actively addressing their financial needs through our diversified product offerings, while creating financial awareness. With an ever expanding focus on financial inclusion and building a stronger ecosystem for tomorrow, we are reinforcing our commitment towards transforming the lives of the common man.

Led by an in-depth understanding of our customers' affordable housing finance needs combined with our time-tested expertise in this space, we are proud of our mission of 'Giving India a Home', which resonates with the Government's national mission of 'Housing for All by 2022'.

The society at large becomes more harmonious and development more holistic, as the population of homeowners go up in the Country. Our mission of 'Giving India a Home' strives to offer a helping hand in this larger objective of socio-economic transformation. As we continue to create value for our customers, shareholders, employees, partners and stakeholders, we are supporting the Nation towards the next phase of inclusive progress.

DHFL – Giving India a Reason to Smile

At the core of our mission to drive homeownership for millions of aspirational Indians is the vision of our Founder Chairman Late Shri Rajesh Kumar Wadhawan, who believed in spreading a million smiles by 'Giving India a Home' - a realisation of our Nation's ultimate dream for its people.

Over the years, we have evolved as one of India's leading financial services institutions, scaling many milestones in our journey towards transforming the financial services landscape of the country. Today, we stand strong as an institution that is committed to the cause of 'Giving India a Home' and providing financial security to the society it serves.

Bringing Momentum to Inclusive Growth

We leverage our strong consumer insights that help us understand consumer aspirations to gain social and economic security. Through this approach, we continuously redesign our products and solutions to meet their specific needs in Housing and Non-Housing Loan segments. This has enabled inclusiveness to gain speed and strength on the back of our growth strategy.

Chairman and Managing Director's Foreword

Committed
Towards
Building A More
Equitable World

Dear Members,

A Year of Fulfillment

FY 2017-18 was a defining year for DHFL both in terms of financial performance and strategic growth. To all our stakeholders, crossing the ₹ 1 lakh crore mark in Assets Under Management (AUM) is a matter of immense pride and a great milestone to recognise and celebrate. Looking back at the journey that began 34 years ago, a humble beginning mounted on a profound vision of the Founder to enable homeownership for every needy Indian, translated into a fulfilling achievement. Needless to say, very few Institutions share such an accomplishment of building scale on small value loans. This accomplishment has lent us a new strength that has set us on the path of a larger vision of making the DHFL Brand a household name.

We are committed to further strengthening our capabilities that allow us to serve various financial needs of our customers – offering not only home loans but also protection and security for a better future.

Building on our Founder Late Shri Rajesh Kumar Wadhawan's Vision, we stay committed to enabling inclusive growth as a thrust of our business objectives and thus contribute to a more equitable world.

The Indian Economy

Indian businesses have successfully coped with numerous policy-led realignments and the financial services sector has been witnessing regulatory-led credit quality changes which will enable a secured future for the market.

Compared to the global scenario, the India story remains buoyant and holds significant potential. Firm government reforms, businesses adjusting to transformational policy changes like

demonetisation, GST, RERA, etc. and increased spending on welfare and infrastructure needs gels well with the revival of India's growth theme. In FY 2017-18, India grew by 6.7 percent and the IMF growth forecast is 7.4 percent for FY 2018-19 and 7.8 percent in FY 2019-20. It is noteworthy that China's growth in FY 2018-19 will be 6.8 percent making India regain the crown of the fastest growing country among emerging economies.

The World Economy Gathering Speed

According to the International Monetary Fund (IMF), the world economy is gathering speed. To make this gain sustainable, shared priorities across economies, which include structural reforms and working towards inclusive growth models, need to be implemented. The IMF report mentions that 2017 saw the best global growth in seven years, having grown by 3.7 percent. While the growth is broad-based, notable upward surprises in Europe and Asia contributed to the record numbers.

Events around the world in the past year demonstrate a growing willingness of the political leadership to solve geopolitical and trade-related conflicts through debate and dialogue. This approach of world leaders across politics, businesses and regulatory affairs, to find solutions to systemic macro-economic imbalances by sitting across the table bodes well for a more equal world. That said, there are sporadic threats to the world economic order due to country-led populist measures, ambitions of regional dominance and imbalanced growth within and across economies.

In the financial sector, global growth is showing signs of picking up with enhanced consumer sentiment. The year also saw global financial institutions spending increased time either on

mark crossed in AUM

Building on our Founder Late Shri Rajesh Kumar Wadhawan's Vision, we stay committed to enabling inclusive growth as a thrust of our business objectives and contribute to a more equitable world.

With DHFL being one of the largest HFCs in the country focussed on affordable housing finance, it is a matter of pride and satisfaction that we are contributing to building India's infrastructure dream.

meeting risk and governance-led regulatory demands, or consolidating or shedding divisions for operational efficiency. Simultaneously, new-age fintech start-ups are disrupting traditional forms of financial services delivery. The Indian growth story, especially in the housing finance sector, remains robust.

Affordable Homes Create an Equitable World

Uneven economic growth results in increased human conflicts, creating an undercurrent of larger social unrest. As urban growth is an integral part of the anticipated global progression, six out of 10 people will reside in urban areas by 2030. By that time, the World Bank estimates, our world will need 300 million new housing units.

Governments, policymakers and businesses like ours should not look at this merely as an economic opportunity but also as a social value-addition that will create a more equitable society. Indeed, lop-sided development lets the gap between the wealthy and the poor increase, which will only foster societal conflicts and impede growth momentums.

Research has shown that (affordable) homeownership yields four distinct measurable social benefits, viz., better health for homeowners and their children, reduced crime rates, investment in education due to disciplined savings and increased community-based civic engagement. This is reason enough for us to ensure that homeownership becomes a priority for the civil society. This is also the core thought behind the theme for this fiscal's Annual Report – 'Giving India A Home', driving the need to create a better India by expanding financial inclusion.

Globally, 93 percent of home-seeking adults do not have access to formal housing finance options. For DHFL, this has been at the core of our foundation

and business strategy, as facilitating homeownership to marginalised sections through affordable finance helps create a society that is more equal, fair and civil.

Housing for All by 2022

India accounts for 20 percent of the global house construction target. We are set to witness the largest urban transformation of the 21st century under the guidance of our honourable Prime Minister Shri Narendra Modi's Pradhan Mantri Awas Yojana (PMAY). The scheme aims to build about 60 million housing units to provide homes to all Indians by 2022.

Urbanisation opens up job opportunities and helps reduce inequality. Urbanisation cannot be overlooked in the quest for development, although it is imperative that we strike the right balance between agrarian reforms, rural enterprises and urban growth to achieve a sustainable transition to urban-led growth. By 2030, 40.76 percent of India's population is likely to live in cities and by 2050 the country will lead the global urbanisation surge along with China, Indonesia, Nigeria and the United States. Since half a billion of these new consumers will need to have a roof over their heads, it has become critical to re-engineer socioeconomic fabric with special emphasis on safeguarding relegated communities and promoting semi-urban regions.

Globally, 93 percent of would-be homeowners do not have access to formal housing finance options. In India, the situation has improved significantly since the introduction of PMAY in 2015. At DHFL, we have always aimed at implementing transparent, effective and humane credit appraisal measures which ensure that the marginalised sections with no presence in the formal banking system, have access to finance for owning a home.

Measures like the dedicated Affordable Housing Fund (AHF) in National Housing Bank that will be funded from the priority sector lending shortfall and fully-serviced bonds authorised by the Centre, are encouraging. Further, in March 2018, the Union Cabinet approved the creation of the National Urban Housing Fund (NUHF) of ₹ 60,000 crore to fast-track the implementation of PMAY (Urban).

These initiatives point towards the Government's earnestness to ensure the success of the 'Housing for All by 2022' mission. Your Company's market leadership will ensure that we stand to gain from the wide spectrum of opportunities supported by the Government's proactive policies that will optimise our cost of funds.

HFCs - Financing India's Housing Infrastructure

Recent events in the Indian banking and financial sector have seen a strong push by the Government, judiciary and regulators to clean up the system. Armed with the IBC Act (2016), banks and lenders in our country are going through a testing time. After banks faced setbacks for lending to the realty and allied businesses, finance for these sectors have dried up. While return of banks as the key player in the credit delivery system is essential, non-banking finance companies (NBFCs) and Housing Finance Companies (HFCs) have taken the lead to ensure that finance is available both on the supply and demand side for infrastructure projects like affordable housing. I firmly believe that the recent measures will result in a robust and healthy credit culture.

Though this short-term pain was inevitable, these events have proved that NBFCs are vital for the Indian formal lending setup. The combination of the inherited structural strength of Indian

NBFCs, along with the entrepreneurial approach to business, has evolved them into trusted yet accountable lending entities. It is estimated that the contribution of NBFCs in the total retail lending will increase to 17.1 percent in FY 2018-19, as compared to 13.1 percent in FY 2014-15 and 9.4 percent in FY 2005-06.

With DHFL being a prominent HFC in the country focussed on affordable housing finance, it is a matter of pride and satisfaction that we are contributing to building India's infrastructure dream. Our Founder, Late Shri Rajesh Kumar Wadhawan instituted DHFL on the premise that homeownership gave people deep roots, strong wings and the freedom to pursue their dreams. His vision today has assumed a priority focus of national scale and has evolved into a paradigm for social and economic development. Through our business conduct, DHFL is helping to build more depth into the financial system by creating more mortgage service businesses and generating more liquidity in the capital market, thus in a way promoting a more secured social environment.

Building a Leadership Brand with Trust, Transparency and Technology

In today's world of real-time reportage, social media amplification and low consumer trust in brands for the safekeeping of their confidential data, we want to conduct ourselves in a manner that builds stakeholders' trust. Let me assure you that we are building an organisation of committed leaders across the hierarchy. Integrity, ethics and empathy are embedded in every member of our professional team, which is passionate yet purposeful in its conduct.

We want our organisational platform to become an enabler that nurtures and grows future leaders from within the ranks.

Our Founder, Late Shri Rajesh Kumar Wadhawan instituted DHFL on the premise that homeownership gave people deep roots, strong wings and the freedom to pursue their dreams. His vision today has assumed a priority focus of national scale and has evolved into a paradigm for social and economic development.

We are embarking on a larger mission of making DHFL a partner in every household need - Financial and beyond.

We want to attract the best talent to our Company where entrepreneurial freedom and a professional work environment are provided in equal measure.

Today, customer-centricity has a new meaning. Recent examples of data breach of user information have created global political crisis, making businesses vulnerable to unintentional misuse. We want to leverage technology as a key enabler to serve customers in a more efficient, quick and non-intrusive manner. We want to use the insights garnered from behavioural economics and big data to build long-term customer relationships.

Similarly, we want to use technology to build a backend system that ensures a high level of credit evaluation and monitoring, risk practices and safety of our consumers' data. The establishment of Central Processing Units at Mumbai and Hyderabad were key events in this direction. In my previous letter, I had spoken about a 'phygital' approach - the best of Physical and Technology mix in reaching and serving customers. We have made considerable progress in this direction and are now equipped to serve them through an omni-channel strategy of online and branch networks.

The biggest opportunity and risk to our business today is technology-led disruption. With the millennials joining the workforce, we must build an organisation that is agile. According to a report by Boston Consulting Group, more than half of all new Internet users will be in rural communities and they

will constitute about half of all Indian Internet users by 2020. Where traditional organisations will have to retreat, we will need to move forward with digital financial inclusion to cater to digitally native consumers who have leapfrogged to the forefront of digital finance.

We are continuously looking at fintech innovations that will help us serve customers with speed, surety, safety and security. We want to become an organisation where the customer is at the centre of our growth trajectory, surrounded by prudent business practices, humane ethos and sustainable action towards the environment and society. And with over 9,500-plus employees, we aim to be a preferred employer brand.

DHFL's investment in Fintech brand 'Early Salary' – a technology platform for lending to salaried class to draw down against future salary is a significant step in building synergy with the new world of technology-based lending.

Sustainable and Prudent Performance

Currently, we have more than 5,90,000 (this figure excludes FD customers) customers and more than ₹ 1 trillion AUM. This achievement reinforces our position among the top two housing finance companies in India. We will continue to focus on bringing down our cost of funds in the coming years.

During the year, your Company retained CARE's highest AAA (Triple-A) credit rating. We delivered a robust performance yet again, registering 18.15 percent revenue growth of ₹ 10,464.45 crore for the year ending March 31, 2018. Profit before tax and exceptional items stood at ₹ 1,756.62 crore, an increase of 25.26 percent on a Y-o-Y basis. Our loan portfolio witnessed growth at 27.51 percent to ₹ 91,932.32 crore as on March 31, 2018.

In our endeavour towards furthering our Founder's vision and facilitating the Government's national mission, we were acknowledged by 'My Liveable City' and knowledge partner 'National Housing Bank' as the 'Best Performing Primary Lending Institution' under Credit-Linked Subsidy Scheme (CLSS) for Middle Income Groups (MIG) for highest number of credit subsidies under PMAY. This accomplishment is truly a tribute to our Founder's noble vision.

Over the past three decades, we have nurtured the DHFL brand with diligence. Today, DHFL enjoys significant trust and recognition among our customers and peers. Our Insurance (Life and General), Mutual Fund and Education Finance are rapidly scaling up, and we are open to synergistic business evaluations in the micro-finance and other similar sectors.

As conveyed in my opening remarks, we are embarking on a larger mission of making DHFL a partner in every household need, financial and beyond, in line with our mission to 'Giving India a Home', with many reasons to smile and celebrate.

WGC – Taking our Learnings to the World, Learning from the World

WGC (Wadhawan Global Capital Ltd.), our Promoter Group entity, continues to build on the Group's synergies and looks at the global arena for new, disruptive business opportunities in the fintech sector. The aim of the parent platform is two-fold – first, being able to consolidate learnings, customer insights, process efficiencies and people leadership across various group companies. It will also act as a knowledge-led strategy think-tank to share best practices and build group competencies.

Today, the Group's leading businesses and new-age investments ensure a

contemporary growth strategy and approach. With a group AUM of USD 22 billion, we have recently forayed into the wealth management space.

Empowering Communities through Compassionate Conduct

DHFL's business model has empathy ingrained in its conduct, to empower the marginalised to become part of the mainstream through respect and achievement of homeownership. Our CSR efforts continue to be aligned with the same principle of making a real on-ground impact. To widen the canvas further, enlist partnerships and build sustainable models through research and innovation, we constituted a Section 8 Company – DHFL Changing Lives Foundation – with a key focus on ECCE (Early Childhood Care and Education). Alongside, we will continue our CSR work in the areas of skill development, financial literacy, rural development and sports.

While education is a key CSR focus area for Indian corporates, not many programmes are dedicated to the implementation of the National ECCE policy despite the segment being recognised as a high-priority area by the Government. Through DHFL Changing Lives Foundation, we aim to bridge this gap with a focus on the core areas of education, nutrition, child-friendly anganwadi infrastructure and stakeholder empowerment. We have partnered with various governmental agencies and private entities in pursuit of these objectives.

During the last fiscal, our skill development centres across 23 Tier II and III locations provided training to 6,000+ youth in 12+ job roles. As part of our village transformation mission, we have introduced a tobacco control programme to make these villages tobacco free. Our financial literacy

programmes have reached out to 40,000+ households to aid transition from informal to formal housing, create livelihood linkages and linkages with Government welfare schemes. Additionally, the programme promotes the Government's PMAY scheme.

Building an Equitable Society

With gap between the segments amongst the population widening, any development that bridges this gap is considered a step towards a sustainable future. As an organisation, we will continue to conduct ourselves with prudence, while we strive towards benefiting our customers, maximising stakeholder wealth and thus, building a world that is equal, fair and democratic for every citizen. It is indeed a proud moment for all of us to be associated with an organisation that helps bridge this gap and contributes towards building a more equitable world.

In our mission which we call 'Giving India a Home', our endeavour is to widen the compass of our homeownership initiatives to drive financial inclusion in a manner that is designed to carve a more equitable society.

I would like to thank all our stakeholders including employees, customers, regulators, financial institutions, vendors, etc. for making this journey memorable and worthwhile. I am confident that with your continued support and cooperation, we shall succeed in leading our mission to a successful conclusion, committed in line with the Government's mission of 'Housing for All by 2022'.

Thanking you,

With Best Wishes,

Kapil Wadhawan

DHFL's business model has empathy ingrained in its conduct to empower the marginalised to become part of the mainstream through respect and achievement of homeownership.

Joint Managing Director and CEO's Message

Dear Members,

FY 2017-18 has been a very significant year for DHFL, as we translated several strategic ideas into determined action that culminated into a strong organisational performance towards transforming India's affordable housing landscape. The milestone achievement of our Assets Under Management (AUM) crossing the ₹ 1 lakh crore mark gives us immense pride and bolsters our spirits to further expand our mission of enabling homeownership dreams of Indians. Our business strength has emerged from our passion and commitment towards delivering a seamless and efficient customer experience ably supported by a dedicated talent pool, enhanced technological interventions and innovative financial products. Practicing transparency and promoting financial awareness helps us gain market acceptance and customer loyalty. We will continue to leverage our unique strengths and expertise built over several years, to capitalise on the growth opportunities in the industry by responding with agility and speed. I am confident that we shall accomplish many more milestones as we further strengthen our affordable housing value proposition, bringing more smiles to the faces of common citizens across India.

Giving India a Home

It is gratifying that DHFL's stated vision for over three decades of enabling homeownership to every Indian, has now assumed a national priority under the Government's 'Housing for All by 2022' mission. The new buoyancy in the affordable housing landscape in the recent past has been driven by Government reforms in the housing sector including introduction of RERA, conferring infrastructure status to affordable housing, dedicated fund to channelise priority sector loans and such other enabling steps. These have been complemented at the macro level through implementation of reforms and measures like GST, speeding up of roads and infrastructure projects, employment-oriented measures like 'Make in India' and momentum to 'Digital India'. These efforts are well aligned to the revival of India's growth theme and has

become national priority. Our organisation has thus, been aligned to the paradigm shift in India's socio-economic landscape. 'Giving India A Home', underscores our core guiding philosophy, as we relentlessly pursue the objective of enabling the common man to realise his dream of homeownership.

Powering Growth, Scaling New Heights

Stability and growth in the housing ecosystem with a thrust to the affordable housing segment augurs well for DHFL. During FY 2017-18, our total loan disbursements were ₹ 44,800 crore. Our focussed efforts translated into a net profit growth of 26 percent to ₹ 1,172.1 crore (before exceptional item of last year). Our total income rose by 18 percent to ₹ 10,464.5 crore. Our AUM grew by 33 percent Y-o-Y, reaching ₹ 1,11,086 crore. Our gross NPAs as a percentage of the outstanding loans were 0.96 percent, which is substantially lower than industry benchmarks.

Consolidating our Core Strengths

DHFL has evolved as a comprehensive financial services provider, addressing vital needs of customers from different segments for financial security and protection and thus, earning their confidence as a 'trusted partner'.

A significant development at this stage has been the relocation of our National Office to 'DHFL House' at Andheri, Mumbai to house the entire central team of DHFL under one roof in a best-in-class facility and ambience. This is in tune with the growing prestige and standing of the organisation in the Indian Financial Market and to harness renewed enthusiasm and synergy within the team to raise the bar in their performance in every aspect of our business.

With these measures to consolidate our fundamental strength, DHFL is better placed today than ever before to capitalise on the tremendous industry potential, as we embark on yet another phase of high growth trajectory. To lead this growth, DHFL has strengthened its C-suite leadership team and continues to attract talent from the industry in key functions with proven skills and strong leadership capabilities.

That said, nurturing the internal talents through career progression, rewards, recognitions and trainings are integral to sustaining the organisational strength.

Technology is undoubtedly a defining enabler in today's world and for DHFL this will continue to play a key role in sustaining our accelerated growth. Our technology transformation has assimilated best-in-class capabilities under Mobility Solutions, Data analytics and work flow management bringing speed, efficiency and analytical insights of customers' needs. These have tremendously enabled our business forecasting and understanding, allowing us to respond to customers and business decisions with shorter turnaround times through centralised business processes and systems, in turn generating positive customer experience.

As we continue to grow our loan books at a faster pace, maintaining high asset quality and lower than benchmark NPAs, remains central to our core objectives. Towards this, we continue to implement stringent credit appraisal tools and processes and build sharper skills and scoring models to estimate income and credit repayment. These have enabled us to take faster credit decisions with objective risk assessment. By strengthening our systems, expanding our reach, enhancing interface experience for customers, and by enabling new avenues for employee empowerment, DHFL continues to cement its relationship with stakeholders. These efforts have not only accrued to strengthening the balance sheet but are also creating an organisation with stronger business values.

DHFL has thus grown as an organisation capable of powering itself with stronger impetus for future growth and expansion.

Touchpoints to enable more Smiles

In our endeavour towards supporting an equitable world and driving financial inclusion across India, DHFL has established a wide distribution of network across Tier II and III towns, where accessing reliable financial service is otherwise difficult. This is the real 'Bharat' that DHFL is making a

deep impact on – with efforts towards giving India a secured future through its common people. As we expand into new territories of growth, we create more touchpoints through micro-branches, ease systems and processes and thus, enhance customer service and experience at every step of their engagement with DHFL.

Our deep understanding of our customers' aspirations enable us to see every limitation as an opportunity. Thus, even as we enhance our product portfolio to meet their affordable housing needs, we simultaneously drive financial awareness.

Reinforcing our 34-year-old vision and supporting the national mission, we launched a unique initiative 'Griha Utsav', a first-of-its-kind housing expo in Tier II and III towns bringing prospective home buyers and developers under one roof to provide affordable housing and finance solutions to our target LMI group.

To service the financial lifecycle of our consumers enabling them to imbibe the habit of saving for a secure financial future, we focussed on expanding our deposit product suite. We effectively leveraged a host of digitally-centric initiatives, to enhance customer experience through reduced turnaround time (TAT) and improved efficiencies.

Diversifying our Financing Business

During the year, we securitised over 17 percent of the entire book for fuelling our capital needs towards business expansion and growth. Testifying the robustness of our stringent processes and credit system, we have been selected by the United States Agency for International Development (USAID) for an exclusive partnership to boost medical infrastructure in India, specifically for Maternal and Child Care.

Furthering a Shared Vision

The dreams we are trying to fulfill do not belong to our customers alone, but are also shared by external stakeholders such as developers who are trying to reduce the affordable housing demand-supply gap. Our Project Finance team has

been providing comprehensive solutions to developers by leveraging business synergies and extending loans to strengthen their affordable housing outreach.

Engendering Inclusive Progress

Our philosophy of inclusive progress also encompasses our own people, as well as the society at large, and therefore, we have in place a robust HR and CSR framework to boost the development of internal talent and external communities. With the belief that talent forms the core of our business, we have engaged in strategic talent recruitment, retention, training and management programmes to continue to deliver encouraging outcomes through lowest industry attrition rates and strong employee engagement quotient.

As an industry thought leader in driving financial inclusion across India, DHFL reinforces its commitment towards enabling equitable and sustainable growth. We continue to invest in CSR initiatives in core areas of financial awareness, Early Childhood Care & Education (ECCE), Skill Development, Rural Development and Economic Empowerment, besides reaching out to the underprivileged in fields of Education, Health, Sports, among others. Over the past three years, DHFL under its CSR programme has touched over 3 lakh lives. During FY 2017-18, over 850 employees contributed about 3,000 working hours in various programmes, underlining our integrated approach towards sustainable growth.

Going Forward

We believe that our brand proposition and strategic roadmap shall continue to fulfill financial needs of Indians, thus enabling inclusive progress. Our focus on the affordable housing industry as India's next growth engine, reinforces our passion, our excitement and our foresight to harness future opportunities and ensure high value creation for our stakeholders.

Regards,

DHFL*

Enabling Home Ownership

At DHFL, we are continuously driven by the needs and aspirations of every Indian. In this objective lies a superseding commitment to translate our customer's dream of owning a home into a reality. Taking forward this commitment, we remain focussed on innovating unique products and solutions to meet their lifetime desires. We continuously strengthen our ability to understand our customers' better, thus envisaging solutions that are designed to match their requirements. These business strengths have been DHFL's core growth drivers, encouraging each of us to fulfill our overarching vision of homeownership.

Our powerful affordable housing proposition is pillared on our insightful approach towards meeting the customer needs of those segments for whom home loans were perceived to be beyond their reach. We create more opportunities for 'Giving India a Home' and enable deserving people to live their most cherished moments.

In line with this approach, we conceptualised our flagship customer-centric initiative 'Griha Utsav' - a platform to connect millions of aspirational LMI home buyers with developers in the affordable housing segment in small towns and locations that had never before witnessed such a coming together.

We crafted our Jan Awas Home Loans to cater to the affordable housing needs

of EWS, LIG and MIG customers, with total ease and convenience, in line with the Indian Government's 'Credit Linked Subsidy Scheme' (CLSS) under the 'Pradhan Mantri Awas Yojana' (PMAY). Importantly, in a bid to create a robust platform for enabling homeownership for the India that lives in Tier II and III cities, we re-oriented our marketing communications strategy to make it more integrated and centred on expanding financial inclusion.

Our PMAY Enabler

When we decided to align our goals with the PMAY initiative, we did so with an overriding thrust on powering the dreams of millions of Indians striving to join the homeownership segment. As part of our PMAY Awareness & Access efforts, we educated diverse

target customers during the year about the PMAY benefits, and also about our unique affordable housing products and solutions as enablers of their homeownership dreams. Our PMAY training camps proved to be a game-changer for aspirational home buyers across the LMI segment, reaching out to salaried employees in various categories. Our focussed and far-sighted initiatives on this front have paved the way for our customers to find the right solutions to fulfill their dream of owning a home, further enabling an environment to nurture their future.

Griha Utsav, a Catalyst for Change

We believe in 'Giving India a Home' in which they can celebrate life to the fullest. With DHFL Griha Utsav aligned to this mission, we have so far reached out to thousands of potential customers in Tier II and III towns, to catalyse the realisation of their homeownership dreams. With our intrinsic understanding of their aspirational needs, we are cognizant of the challenges faced by these prospective home buyers in connecting with developers in the affordable housing segment. This understanding led us to come up with this unique concept, aimed at bringing customers and developers together under one roof. Leading developers showcased their affordable housing projects to aspirational home buyers at these expos, wherein DHFL provided them with attractive offers including discounts

on processing fees, spot sanctions on home loans and competitive interest rates. These expos not only connected the home buyers, but also generated widespread awareness about home loans, expanded financial literacy and empowered the customer segment. Resultantly, this financial awareness is expanding the potential of the affordable housing industry. These expos have created far-reaching impact across India, bringing the joy of homeownership to millions in the low and middle income segment.

Our MARCOM Strategy

At the core of our affordable housing proposition is our integrated marketing communications strategy, centred around our 'Aisa Desh Ho Mera' campaign. The campaign, that is visualised to carve a more equitable society with every Indian having a roof over his head, is designed to help boost consumer interest and awareness, thereby enabling more smiles with every mile. We continued to leverage multiple media channels during the year, to reinforce our commitment towards enabling homeownership dreams of the LMI group in Tier II and III cities. Using diverse languages, we set out to aggressively tap the LMI segment with a strategic marketing mix, enabling increased brand visibility and branch footfalls. Individually and collectively, these initiatives are helping build a unique value proposition for all our aspirational customers, across our target geographies.

For us, at DHFL, to reach out more effectively to customers with a wider bouquet of inclusive financial solutions has become an integral part of our strategic thinking. This objective is based on closely understanding customers' needs and aspirations and ensuring last-mile connectivity through an extensive distribution network that provides wider customer access to housing and non-housing loan products. Facilitating this expansion is our dedicated workforce, which we are continuously strengthening through specialised training modules to align them with our goal of propelling inclusive progress. At the same time, we remain engaged with the developer community to help strengthen the affordable housing proposition, thereby bridging the demand and supply gap, and building a platform for 'Giving India a Home'. During the year, we conducted a series of camps to help the developers wade successfully through the RERA transition and become an active part of our growth strategy.

Through these impactful initiatives, DHFL reinforces its commitment of 'Giving India a Home', thus enabling us to emerge as one of India's leading financial institutions in the affordable housing segment.

Greater Experiences for Happier Lives

In our mission towards driving homeownership among millions of aspirational Indians, we, at DHFL, have evolved a customer-centric business proposition built on consumer empowerment. We believe in delivering an experiential portfolio of inclusive offerings, through a growing network of innovative touchpoints.

With happy and satisfied customers as our biggest asset, we continue to create more avenues to connect effectively with each one of them, through the lifecycle of their engagement with DHFL. Encompassing the complete gamut of our financial solutions, we reach out to them more proactively and remain focussed on creating and enhancing value for our customers.

Automation Initiatives across Extensive Network have Enhanced Customer Experience

To enhance the experience of our customers across Tier II and Tier III cities, we are continuously strengthening our outreach. While our strong, strategic network in 347 locations across India, are equipped with the best-in-class delivery systems, automation has also emerged as a key to making every step of DHFL's engagement with customers symptomatic of ease and convenience.

Our CPUs (Central Processing Unit) in Mumbai and Hyderabad, with their advanced technology platforms, cutting edge tools, state-of-the-art facilities and well-trained teams, have helped centralise most of the underwriting requirements, thus improving the loan processing time significantly

Robust Business Processes have Increased Agility and Transparency

In our quest for powering better efficiencies across the organisational framework as a vital engine for enhancing customer experience, we remained focussed on innovating new and simpler ways to improve processing, reduce turnaround time, and streamline collection and disbursement channels. Our systems, processes and automation initiatives are designed to boost our customer engagement from the moment of their first interaction with DHFL and stay aligned with them right through the process of onboarding and beyond.

Leveraging our digital prowess, we are ensuring a comfortable experience for our customers at every step. New

and alternative digital channels of payment and collection are not only helping reduce time and cost but are also contributing to eliminating the risk of fraud.

Our new website for credit users has emerged as a popular interactive forum for personal discussion, where our customers can log in to understand and access the loan process with user-friendly navigation. It is our aim to ensure that our customers have a smooth and hassle-free experience not merely on the sales front, but also through the entire transaction process, which we are able to deliver, given our deep understanding of the business. Customer connect through SMS and emails keep them well informed besides reducing call volumes and branch walk-ins significantly.

It is our constant endeavour to create a robust phygital ecosystem, designed to deliver smiles to our customers and value to our stakeholders.

We are continuously striving to develop focussed initiatives that provide an enhanced customer experience

Participating in India's Growth Story

At DHFL, we have been promoting better lives and brighter futures through strategic well-designed CSR programmes. It has been our constant endeavour to uplift marginalised sections of the population, empower women and youth, and develop self-sufficient ecosystems for inclusive growth.

At DHFL, we believe that investing in early education and care programmes for children from the marginalised sections of the population will provide the right impetus and tipping point for sustainable transformation. We have thus established a wholly owned Section 8 Company, DHFL Changing Lives Foundation (CIN: U85320MH2017NPL302380) to take forward DHFL's CSR Vision and implement the Company's flagship programme under 'Early Childhood Care & Education'.

The DHFL Changing Lives Foundation strives to foster partnerships, invest

in research and create a platform for sharing of best practices and learning.

Skill development, village transformation, financial literacy and promotion of sports are the other flagship areas that DHFL supports under CSR.

During FY 2017-18, DHFL also supported students from the economically weaker sections, tribal regions and leprosy affected communities with scholarships and support for education.

We collaborate with the community, Government, like-minded corporate entities and social purpose organisations to undertake strategic, systematic CSR activities for delivering impactful solutions.

The Jamaican Study by Nobel laureate James Heckman, economist Paul Gertler and others, show that early stimulation interventions for infants and toddlers increase their future earnings by 25 percent – equivalent to adults who grow up in wealthier households.

The World Bank & UNICEF in the Report 'Ending Extreme Poverty: A Focus on Children' stated that over 30 percent of close to 385 million children in India live in extreme poverty, the highest in South Asia.

CSR Spends

The Company during FY 2017-18 has spent ₹ 23.81 crore on its flagship/identified CSR programmes as against ₹ 22.98 crore, the prescribed CSR expenditure, as per the Companies Act, 2013 for FY 2017-18.

Village Transformation with Focus on Drought Mitigation

Launched in 2016 as a water conservation and soil erosion prevention programme in response to the droughts in Aurangabad, Maharashtra, this programme aims to address short and long-term measures to mitigate the cause and effects of drought. This shall enable poverty alleviation and evolve as a comprehensive village transformation mission.

Highlights FY 2017-18

As a measure to facilitate allied agri practices and support distressed households with an alternate source of income, we introduced a goat rearing programme with 10 households in each of the five villages, namely Babhulgaon, Waghola, Nandra, Chincholi, Daregaon Dari.

This holistic intervention programme supports several initiatives in multi-cropping, village infrastructure development and environmental issues.

- Soil and Water Conservation
- Livestock Management
- Sustainable Agriculture Practices
- Sustainable Community Groups – Self-help Groups, Farmer Producing Organisations, etc.
- Health and Sanitation in Community

DHFL also introduced a tobacco control programme to make these villages tobacco-free. The programme is delivered through community and school-level engagement.

We aim to develop a Village Knowledge Centre to act as a repository of best practices of watershed treatment, government welfare schemes and environment conservation centre. The first phase of the centre with a Library for the youth was launched in partnership with the Waghola Gram Panchayat.

Economic Empowerment through Financial Literacy and Inclusive Growth

Aligning ourselves with the Government's objective of the Pradhan Mantri Awas Yojana (PMAY) scheme, we embarked on a comprehensive programme to facilitate the journey from being 'financially illiterate' to 'financially sustainable' in 2016. Focussed on slum development, the programme is also aimed at aiding transition of informal settlements to formal housing, connecting beneficiaries to government welfare schemes, facilitating skills development and livelihood amongst youth, microfinance and mudra loans to small entrepreneurs. We reached out to 40,000+ households across 4 urban slum communities in Jaipur (Rajasthan), Varanasi (Uttar Pradesh), Ranchi (Jharkhand) and Raipur (Chhattisgarh).

Highlights FY 2017-18

We have designed and supported a 26-episode radio programme 'Sharmaji ke Sawal, Vinodji ke Jawab' - with All India Radio (AIR) for 9 stations to generate awareness on basics of finance and government welfare schemes in Jaipur & Varanasi. To further the reach, we are introducing a digital tool for which research across 10 states is initiated. The tool will further the reach of the programme by creating community level entrepreneurs.

Other CSR Programmes

Education for Underprivileged Children:

- DHFL supports 'AIM for Seva' Free Student Homes for tribal children in Nandayal, Andhra Pradesh and Anaikatti, Tamil Nadu; that provide free shelter, food, clothing, access to school, value-based education, life skills, IT skills and extracurricular activities to these children.
- We have partnered with 'Yusuf Meherally Centre' to enable quality education among Tribal Children in Raigad (Maharashtra). To sustain

this programme, we have improved infrastructure and have been funding operating expenses for teaching and supporting the staff.

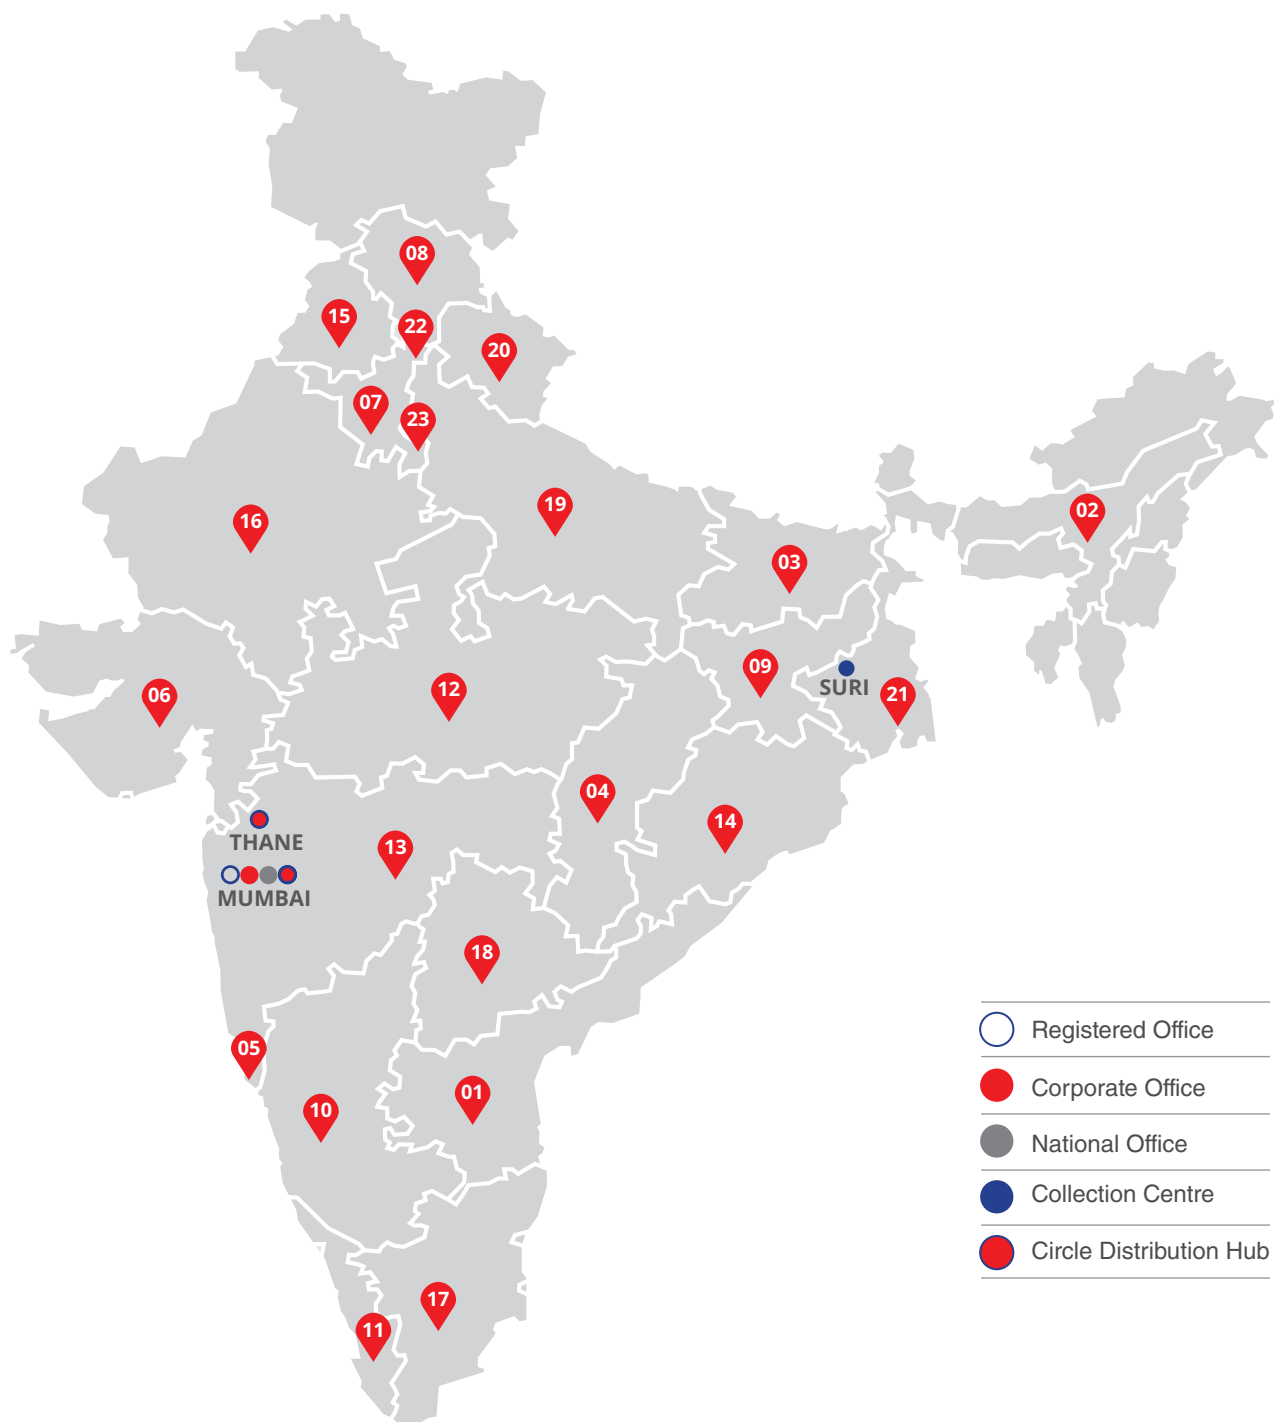

- We have partnered with 'Connect Ed Technologies' to promote impactful audio-visual content through Smart Classroom solutions in Palghar, Maharashtra, for enriching the learning experience in rural classrooms.
- DHFL supports the mid-day meal programme by 'The Akshaya Patra Foundation' and 'Annamitra Food for

Life' in Guwahati, Assam and Palghar (Maharashtra) respectively.

Encouraging Talent in Sports:

We have partnered with Olympic Gold Quest, an organisation formed for spotting talent at an early age and nurturing their skills in various sports disciplines with the objective of making a mark in the Olympic Games. The organisation is supported by leading Indian sports personalities, who act as mentors to the young talent as they represent India in individual sports International Tournaments.

Management Discussion and Analysis

GLOBAL ECONOMIC OVERVIEW

Amidst an improving macro-economic environment, the global economy is witnessing a cyclical recovery, reflecting a rebound in investment, manufacturing, and trade. For the first time since 2010, the world economy is outperforming expectations, at the back of benign global financing conditions, accommodative policies, rising confidence and firming commodity prices. The global GDP forecast for 2018 is 4.0%, up from 3.7% in 2017. The global economic growth is broad-based across most advanced and emerging economies, with the latter posting accelerated growth at 4.3% in 2017.

Uncertainties, however, continue to loom over the global economy, which could have a cascading effect on the Indian economy. The build-up of financial vulnerabilities remains a key concern. As per the October 2017 Global Financial Stability Report, the share of companies with low investment-grade ratings in advanced economy bond indices has increased significantly in recent years. Non-financial corporate debt has also grown rapidly in some emerging markets, necessitating a policy response. Other factors that could impact global investments are increase in trade barriers and regulatory realignments, while a rise in commodity prices could also adversely affect the non-OPEC (Organisation of the Petroleum Exporting Countries) markets.

The overall forecast for the coming years appears positive, with growth rates for many of the Eurozone economies having been revised upwards. Germany, Italy and the Netherlands are, in particular, reflecting stronger momentum in domestic demand and higher external demand. In EMDEs (Emerging Markets & Domestic Economies), pickup of growth in commodity exports (forecast to rise to an average of 3.1% in 2019-20) is expected to boost growth to an average of 4.7% in 2019-20.

World trade is already at a crossroads with the trade between US and China turning confrontational. While the global trade witnessed a healthy increase in 2017, it turned sluggish during early 2018. The rise in trade in the first two quarters of 2017 was largely on account of an upturn in global manufacturing cycles. FDI inflows into Asia remained strong as both China and India remained favoured destinations for foreign investment during 2017. Despite this, rising levels of debt in various nations remain a cause for concern. Rapid technological advances and the changing work culture owing to increased entrepreneurial ventures have also affected the labour market. Regulation of these new economic conditions have, therefore, been a policy challenge for most Governments.

INDIAN ECONOMIC OVERVIEW

As the fastest growing major economy in the world, India is expected to emerge as one of the top three economic powers of the world over the next 10-15 years, as per Central Statistics Organisation (CSO) and IMF (International Monetary Fund). Moody's upgradation of India's sovereign rating after 14 years, from Baa3 (lowest investment grade) to Baa2, also underlines the strength of its economic fundamentals.

After a temporary slowdown triggered by demonetisation and GST (Good Services Tax), the economy started showing signs of recovery in the second half of the year. The revival in positivity was reflected in the pick-up of industrial production and a decline in retail inflation (as measured by the CPI) after a period of negativity. The third quarter of the financial year saw India record its fastest growth in five quarters at 7.2%, to overtake China, which grew at 6.8% in this period. The farm, manufacturing and services sectors propelled this growth, which is expected to sustain in the coming year.

Retail inflation touched a five-month low in March 2018 after climbing steadily till November 2017, prompting Reserve Bank of India (RBI) to lower its April-September retail inflation projection to 4.7% from a previous range of 5.1-5.6%, released in February. RBI also maintained its policy rates during its April 2018 monetary policy review, taking a neutral stance on interest rates.

India is expected to grow at 6.6% in financial year 2017-18, as per the latest estimates from CSO. The World Bank, however, has projected India's growth at 7.3% in financial year 2018-19 and 7.5% in financial year 2019-20 (*Source: World Bank India report, March 2018*). The Government's continuing reforms agenda is expected to infuse dynamism into the national economy, contributing to its growth momentum.

The Government continued with its reform agenda, with the most notable ones being dynamic fuel pricing (June, 2017), Goods and Service Tax (July, 2017), Banking Regulation (Amendment) Bill, 2017 (August, 2017) and announcement of PSU bank recapitalisation plan (October, 2017), selling of stake and public listing under disinvestment scheme launched in 2016 and liberalisation of FDI policy. Demonetisation, along with various measures taken to promote digital payment, boosted transactions through systems such as debit and credit cards, prepaid wallets, UPI, mobile banking, etc.

OVERVIEW OF THE FINANCIAL SERVICES INDUSTRY

The Indian financial services sector, comprising of a range of institutions from commercial and co-operative banks, pension funds and Non-Banking Financial Companies (NBFCs) to Mutual Funds, insurance companies, etc., is diverse and expanding rapidly. Over the years, the Government of India has initiated several reforms to liberalise this industry and expand its reach to individuals in the hinterlands and Micro, Small and Medium Enterprises (MSMEs) in need of credit and other financial services. Adding a further dimension, the Government and RBI have also allowed new entities such as Payment Banks and Small Finance Banks to enter the financial sector.

The financial sector in India predominantly comprises of the banking sector, with commercial banks accounting for more than 64% of the total assets held by the financial system. However, the role of the NBFC sector has been growing. The balance sheet of the NBFC sector expanded by 14.5% during financial year 2016-17. Despite the growth, NBFCs managed their asset quality better than the banks. Gross bad loans of the NBFC industry stood at 4.4% in March 2017, down from 4.9% in September 2016, when banks in general witnessed a rise. Net NPAs as a percentage of total advances also declined from 2.7% to 2.3%.

OPPORTUNITIES FOR HOUSING FINANCE INDUSTRY

An overall positivity, propelled by a combination of factors, is expected to push growth in the housing finance industry over the long term. Increased Government support to developers as well as buyers augurs well for the industry. Though the implementation of Real Estate Regulation Act (RERA) and GST caused a temporary slowdown in the market, these are not expected to obstruct growth in the long term, with RERA in fact likely to boost transparency to infuse more dynamism into the sector.

Other favourable factors for the business are the waning impact of demonetisation, low interest rates and rising income levels, coupled with Government and RBI initiatives to support growth.

Among the Government initiatives expected to steer industry growth are the Credit-Linked Subsidy Scheme (CLSS) in terms of interest rate subsidy, under the Pradhan Mantri Awas Yojana (PMAY), and grant of infrastructure status to affordable housing. The Government is also continuously strengthening its focus on its "Housing for All by 2022" Mission, with the Union Budget allocating a sizeable amount for the same.

According to KPMG estimates, there would be a total requirement of ~48 Million units of urban housing to fulfil urban housing requirements by 2022. A boost to the affordable housing sector will definitely drive the affordable housing finance industry.

Management Discussion and Analysis (Contd.)

Housing demand is also expected to get a push from the increasing rural incomes, from which players with a significant presence in rural/semi urban areas, in particular, are likely to benefit. Urbanisation is also accepted to accelerate, leading to a rise in the number of nuclear families, & formation of more households, which in turn will drive the demand for housing units.

The Government's decision to establish a dedicated affordable housing fund in the National Housing Bank (NHB) through various funding measures is another positive development.

RBI is also contributing to the positivity in the industry with a series of measures, as announced in its June 2017 Monetary Policy. These include reduction in standard assets provisioning, conditional relaxation of risk-weights and loan-to-value (LTV) ratios.

The impact of demonetisation, RERA and GST, has left developers with huge backlog of unsold inventory. At the end of 2017, the top seven metros, Mumbai, Delhi-NCR, Chennai, Hyderabad, Pune, Bengaluru and Kolkata had an unsold inventory of 34,700 ready-to-move-in homes, while the total number across the key cities in India stood at 440,000 residential units. Developers are seeking assistance from specialised housing finance companies and NBFCs as they are better positioned to give them the much-needed support for revival. Compared to banks, NBFCs and HFCs are a boon for developers since they have greater flexibility, coupled with their ability to work closely with developers through forward and backward linkages, structured financing, which gives NBFCs and HFCs an edge on this count. Cognisant of the vulnerabilities of this huge unsold inventory leading to a spike in NPAs, NBFCs and HFCs are also coming to the rescue of realtors and developers with innovative solutions and schemes to sell their housing units.

What gives HFCs an edge over banks, despite the attractive interests offered by the latter, is the specialised focus that HFCs have on Home Loans. HFCs have been consistently growing their market share on account of robust growth in outstanding loans over the past few years. Though banks can now be seen focusing more aggressively on Home Loans, their aggressive pricing is a cause of concern. Additionally, HFCs are becoming more competitive on 'cost of funds' through access to non-bank sources. With these factors driving their growth, HFCs are expected to retain their market share, with their strong origination skills and relatively superior customer service giving them a competitive edge against banks, although banks have the advantage of sharper focus on retail assets and better customer data and franchise.

Digitisation in home loans

As the housing finance industry adopts digitization of its process and system, access to information, product and services have enhanced significantly. Customers who would earlier have limited access to information, or would not be able to review key clauses and the overall loan process; are now privy to the entire system since every step can be sought online. More so, almost all HFCs have introduced mobile applications that keep customers updated with not just what stage their loan application is at, but also making the entire loan management process transparent and easier to handle through the tenure.

To make this paradigm shift a reality, serious efforts from both the Government and lenders, have been taken and will need further commitment. Technological advancement, has helped reduce paper usage, manual interventions and time consumption significantly. For instances, the National Securities Depository Ltd (NSDL) for real-time permanent account number (PAN) verification and eKYC and the Unique Identification Authority of India (UIDAI) and the Centre for Development through Advanced Computing (C-DAC) facilitates, the e-signing facility, and authentication using one-time password (OTP).

Asset quality of housing loan portfolios performed better than any other retail asset class

Given that the demand for home loans largely comes from first-time home buyers, the asset quality in this segment has remained strong historically. NPAs of financiers have improved in past two years driven by adequate appraisal systems and effective recovery mechanisms as well as better availability of information on credit history and borrower profile.

NPAs are likely to show a marginal uptick in coming years due to seasoning of portfolios but expected to remain stable in the long term, led by an economic recovery, lower interest rates, better control, system checks, follow-ups and an expected improvement in job security.

Tax Incentives

The Tax incentives have traditionally been a key instrument used by the Government to promote the growth in the housing sector. The Tax incentives have also been instrumental in driving the housing demand in India with few of the tax benefit as follows:

- For individual borrowers, tax deductions are available for home loan interest payments and home loan principal payments. In respect of interest payments, annual interest payments on housing loans of up to ₹ 2 lakh can be claimed as a deduction from taxable income under Section 24(B) of the Income Tax Act, 1961.
- In addition, under Section 80C (read with Section 80 CCE) of the Income Tax Act, 1961, principal payments of up to ₹ 1.5 lakh on home loans are allowed as a deduction from gross total income. As per Section 80 EE, an additional deduction in respect of interest of ₹ 50,000 p.a. has been provided exclusively for first-time home buyers, provided the following: (1) Property value is up to ₹ 50 lakh; (2) Loan is up to ₹ 35 lakh; and (3) Loan has been sanctioned between April 1, 2016, and March 31, 2017.
- Under the Government mission "Housing for All by 2022", the Cabinet Committee on Economic Affairs has approved to increase the interest subsidy to 6.5% for loans of up to ₹ 60 lakh for the economically weaker section (EWS) and lower income group (LIG) beneficiaries under affordable housing through Credit-Linked Subsidy Scheme (CLSS). In February 2017, benefits of the CLSS were extended to include middle-income group households as well.
- The Government also provides exemption from capital gains from the transfer of residential property, if invested in acquiring a residential building.

Government's efforts, increasing urbanisation shall also drive Housing Finance industry

The Government's efforts to incentivise the housing finance industry, coupled with greater transparency in the sector, is giving a thrust to the housing finance market, with CRISIL Research forecasting finance penetration in urban areas to increase between financial year 2016-17 and financial year 2021-22.

Rapid urbanisation, increasing individual incomes and favourable tax incentives for interest and principal payments will encourage the Lower and Middle Income groups to fulfil their ownership aspiration thus boosting the housing demand.

The Government has already introduced several schemes and initiatives to invigorate the industry, to enable making affordable

housing keep pace with the growing market demand as illustrated below:

- **Pradhan Mantri Awas Yojana (PMAY)** - This scheme comprises of four components, namely:

1. **Slum redevelopment** - It includes slum redevelopment on Public Private Participation basis, to enable provision of houses to eligible slum dwellers. It shall bring the project under the gamut of formal urban settlement and at the same time, unlock the potential of land under slums. Further, private participation is also aimed at making the redevelopment projects financially viable.

It would further include provision of Extra Floor Space Index (FSI) / Floor Area Ratio (FAR) and Transfer of Development Rights (TDR), if required, in turn benefitting the Developers. Further, Government of India's average grant of ₹ 1 lakh per house, would be admissible for all houses built under the scheme.

2. **Affordable housing in partnership** - Affordable housing in partnership with private or public sector agencies and provision of central assistance of upto ₹ 1.5 lakh per Economically Weaker Sections (EWS) house in projects where the single project has at least 250 houses and 35% houses being eligible for EWS category.

3. **Subsidy for beneficiary-led housing** - For individuals of EWS category requiring funds for construction or enhancement of own house, a central assistance of ₹ 1.5 lakh per beneficiary shall be provided.

4. **Credit-Linked Subsidy Scheme (CLSS)** - Under the 'Housing for All by 2022' mission, the Central Government has implemented credit-linked subsidy component as a demand-side intervention to expand institutional credit flow to the housing needs of the people residing in urban regions. Under this component, credit-linked subsidy will be provided on home loans taken by eligible urban population for acquisition and construction of houses. Affordable housing under CLSS will be implemented through banks/ financial institutions. Housing and Urban Development Corporation (HUDCO) and National Housing Bank (NHB) have been identified as Central Nodal Agencies (CNAs) to channelise this subsidy to the lending institutions and for monitoring the progress of this component.

For all the income slabs, as notified, any additional loan taken by the beneficiary up to a maximum tenure of 20 years will be at non-subsidised rates. The interest subsidy amount will not be the differential of interest amount (of actual and subsidised rate) but the net present value (NPV) of the interest subsidy amount - to be calculated at a discounted rate of 9%.

- **Real Estate (Regulatory & Development) Act, 2016 (RERA)**

The Government has implemented the Real Estate (Regulatory & Development) Act, 2016 to protect the interests of home buyers while boosting the investments in real estate sector. As

Management Discussion and Analysis (Contd.)

RERA will drive developers to complete existing projects, it will streamline the structure, improve discipline and transparency in the real estate sector in the long term thus, increasing consumer confidence for investment in new housing projects.

■ SEBI's prudential limits in sector exposure for Housing Finance Companies (HFCs)

SEBI has allowed Debt Mutual Funds to invest in HFCs with double A rating ("AA") and above with up-to 40% exposure limit against 25% for other sectors.

(Source: CRISIL NBFC Report, November 2017 & CRISIL HFC Report, November 2017)

■ 100% Tax benefit on profit to affordable housing project Builder / Developers and Service Tax Exemption

With a view to incentivise the affordable housing sector as a part of its larger objective of "Housing for All by 2022", the Government has provided a 100% deduction of the profits of a Company developing and building affordable housing projects. In addition, it has also provided a service tax exemption on the construction of affordable housing.

■ Revision of caps for Rural Housing Fund (RHF) interest rates

The NHB, in January 2016, revised the interest rate and the on-lending cap under the Rural Housing Fund (RHF) with immediate effect. CRISIL Research believes the new on lending cap of 3.5% to be a positive development in the affordable housing segment, as the previous 2% cap made financing unattractive due to higher operating costs incurred in serving rural areas.

■ Liberalisation in External Commercial Borrowings (ECB) Policy by RBI

The Reserve Bank of India has rationalised and liberalised existing ECB framework pursuant to notification dated April 27, 2018. Housing Finance Companies, regulated by the National Housing Bank, have been permitted as eligible borrowers to avail of ECBs under all tracks.

■ Infrastructure status for affordable housing companies

The Government granted infrastructure status to affordable housing sector, which implies lower financing cost while enabling a new funding source for HFCs in the form of External Commercial Borrowing as well as institutional credit which will reduce their cost of borrowing.

■ Easing of norms for Infrastructure bonds

To encourage infrastructure development and affordable housing, RBI in July 2014 exempted long-term bonds from regulatory mandatory norms, such as Cash Reserve Ratio (CRR) and statutory liquidity ratio (SLR), if the money raised is used for funding such projects.

Banks are allowed to raise bonds of minimum maturity of seven years for lending to long-term projects in infrastructure sub-sectors.

■ Limit raised for Priority sector lending credit and affordable housing

To promote the affordable housing segment, the Reserve Bank of India (RBI) has revised the risk weightage criteria for lenders and reduced it to even below 50% for low ticket housing loans. This will help in the conservation of capital and increase lending to the smaller-ticket home loan segment.

■ Rise in finance penetration to drive industry

Besides the various Government initiatives, a set of macro-economic factors is also steering the growth of the industry. Increase in finance penetration is emerging as a major driver of this growth, with rising demand for housing from tier-II and tier-III cities, and a subsequent surge in construction activity, enhancing the focus of financiers on these geographies.

As per estimates, finance penetration in urban areas had increased to 42.7% in financial year 2015-16, from 39% in financial year 2011-12, though penetration in rural areas had risen only slightly to 8.95% in financial year 2015-16, from 8.20% in financial year 2011-12. Boosted by the affordable housing push and rising competition in higher ticket size loans, the finance penetration is expected to increase to 44.86% in urban areas and to 9.76% in rural areas by financial year 2018-19.

Reduction in risk weights

RBI, in its June 2017 monetary policy, reduced the risk weights for banks and increased the Loan to Value (LTV) for some categories of loans. Under the new regulation, the LTV on loans between ₹ 30 lakh and ₹ 75 lakh stands increased to 80% from the previous 75%, and the risk weights have been reduced to 35% from 50%. For a loan above ₹ 75 lakh, the risk weights have been slashed to 50% from 75%.

The National Housing Bank (NHB) has also accordingly amended its risk weightage rules for loans given by HFCs, thereby increasing the funds available with them for lending. This move would also reduce the gap in the cost of funds to HFCs vis-à-vis banks, for the purpose of giving home loans.

KEY THREATS AND CHALLENGES FOR HFCs

The Housing Finance Sector is set to benefit from the opportunities that emerge as a result of various economic and demographic factors and the policy reforms initiated by the Government. Nevertheless, there are still some probable areas that could pose as challenges to the expansion and progress of housing finance companies:

- Housing loans typically have long maturity periods. Unless long-term capital/debt are available for investment at competitive rates, mis-matches of funds flow could become a challenge both on liquidity as well as in cost of replacement of funds.
- Another related challenge is the volatility in the interest rates that could enhance the interest rate risk and disrupt the sustainability of margin of HFCs. Importantly, funding and pricing will remain vulnerable as money market matures with a time lag to market for demand for resources by HFCs.
- Economic cycle and resultant impact on employment will remain a potential challenge to HFCs in adjusting to delay and defaults on repayment commitments.

Over the past two decades, the housing finance sector has witnessed robust development on the back of the Government's determination to bridge the large housing gap within the country.

Some threats that could present themselves in the current scenario include:

Poor administration and lack of control - Despite the Government's progress in terms of formulating policies and initiating schemes that facilitate the housing sector, on ground issues like lack of administrative control and ineffective implementation of schemes, due to inadequate commitment to meet the ultimate objectives can act as a deterrent to the sector's growth.

Legal processes for enforcement of mortgaged securities, land records and registration of documents could also pose as hurdles to the rapid growth of HFCs.

Regulatory rigours – While RERA has been implemented with the best of intentions, it may initially impede the growth of the sector during the phase when the sector transits from being uncontrolled to a regulated one.

Inability of supporting infrastructure to keep pace - For the successful growth of urban housing, basic infrastructural facilities such as road development, electricity & water supply, proper drainage systems etc., must keep pace. Usually, these are public utilities that are provided by the Government through budgetary allocation. These undergo changes in priority in line with the Government in power. Incomplete and non implemented projects on infrastructure impact housing developments adversely when they undertake projects in anticipation of promised infrastructure. Public Private Partnership are yet to find a viable alternative to bridge these gaps. Any major thrust to EWS/LMI housing will be critically dependent on planned roll out of supporting infrastructure preceding the housing.

Economic disparity resulting in affordability mismatch – While incomes are on the rise and there is a definite growth in the middle class population in the country, the increasing income inequality results in supply chasing the demands of fewer, leaving large unmet needs for housing of the population at lower income strata. As this segment keeps growing, in the absence of comprehensive intervention to address the price disparity, the affordability will remain a mirage.

Loans at affordable cost and term - Availability of suitable funding options to potential home owners is a crucial requirement if the purchase of houses is to accelerate. A large section of population both in urban and rural areas are first time borrowers. The traditional funding for the purchase of a house usually came from the lifetime savings of a family, which is changing as younger generation looks for home ownership. HFCs have to find new methods of meeting these requirements by introducing longer term loans, flexible repayment factoring rising income of borrower and aspiration to move to larger houses through roll over to higher loan arrangement. As these needs keep going up, HFCs will have to find matching resources of stable and long term funds as well as a market for securitization of loan book.

Management Discussion and Analysis (Contd.)

High land acquisition costs – India being a nation with a very high population ratio and high density in preferred habitat, faces continuing challenge in supply of land at affordable cost to low cost housing. Land acquisition by Government in order to satisfy diverse demands from agriculture, housing and industry often runs into rough weather leading to limited initiative in this area. Land transfer is a valuable economic transaction for the Government and therefore high rate of stamp duty becomes a norm and any attempt for rationalization is taken with resistance and stays low on priority in the Government agenda.

Home Loan Digitisation – Technology advancement has witnessed rapid strides in consumer loans whereas in case of home loan it is relatively slower to catch up. Home loans are still largely dependent on people to people interface with brick and motor network as the main touch point. Hence the cost and time efficiency that comes with digital process with end to end solution is still at some distance. This is also largely dependent on the extent to which Government is willing to expedite the process of digitizing land records, minimizing cash based economic activities and other such related developments. The threat of security breach makes adoption of technology in critical areas like home loans a slow process requiring demonstrated commitment by HFCs on their capability to protect consumer interest.

Competition – The financial system has witnessed a jump in number of HFCs almost touching 100 in number, actively promoted by NHB, the Regulator, to meet the demand in affordable homes enabled by policy initiatives, thus bringing greater choice to consumers through competition and easy access. Most NBFCs have set up Housing Finance Subsidiary which in the long run will make this market innovative and vibrant. There will however be transition challenges as almost all of them are dependent on wholesale funding from banks, which are drying out as exposure norms and sectoral caps will limit credit to HFCs. With Corporate loan book shrinking, banks will increasingly prefer to lend to retail loans directly. While the market will mature overtime, in the current scenario with slower than expected take off of affordable homes and resultant limit to the expansion rate of eligible borrowers, one could witness lowering of risk profile by aggressive usage of income and LTV norms leading to degradation of quality in portfolio.

BUSINESS & OPERATIONAL OVERVIEW

Your Company follows a customer-centric business philosophy, with its growth strategy centred on transparency in terms of offerings, suitability of products and variety of choices to meet a range of needs of its customers.

Your Company has developed a suite of products and robust capabilities over the years that enable it to effectively harness the emerging opportunities in the housing finance segment, particularly in the LMI segment primarily in Tier II & Tier III cities and towns. An extensive distribution network, backed by focused marketing and sales initiatives, ensures a strong brand recall for its products, which find special appeal among first time buyers

and end users. Over the past 34 years your Company has created strong brand awareness among its customer segment through various touch points, right from corporate initiatives to outdoor and media advertisement focused on strong recall and distinguishing identity. Your Company is at a major advantage owing to the fact that more than 70% of its housing loan customer base comprises of individuals from salaried class, with stable source of income. This has enabled your Company to protect and maintain a high asset quality. Side by side, it is equally active and aligned to the growing opportunity in the self-employed section.

Moreover, your Company has separate business verticals for housing loans and non-housing loans to allow each vertical to focus on its core business which has resulted in driving business growth, leveraging synergies and acquiring a targeted set of customer in each portfolio. Over three decades, DHFL has demonstrated strong ability to identify opportunities in Housing & Non Housing finance (Mortgage Loans & SME) demand, particularly in the LMI segment.

With experienced and expert teams managing its two business verticals of Housing Loans and Non-Housing Loans, coupled with bespoke products customised to specific needs of the LMI segment, your Company has developed a niche space in the financial services industry.

Your Company believes that its unwavering focus on the LMI segment in the Tier II and III markets, provides it with a significant competitive advantage in the high potential affordable housing industry which is a key driver of India's economic growth. Over the past 34 years, the segment at the base of the pyramid has been the primary audience for your Company. This focus has now assumed national importance with the Indian Government leading several initiatives to achieve "Housing for All by 2022" and stimulate the sector that plays an increasingly important role in India's GDP. Your Company is committed to working with zeal in all programs relating to Housing for All initiative of the Government.

Aligned to India's mission to achieve "Housing For All by 2022" and the PMAY initiative, your Company has launched Griha Utsav, a unique & first-of-its-kind affordable housing initiative in the financial year 2017-18. Understanding the need to connect its target LMI group in Tier II and III towns to the local developers for fulfilling their homeownership dreams, your Company conceptualized Griha Utsav to bring together developers and aspiring home buyer under one roof for greater awareness and access to affordable housing finance solutions. The platform created a market place which provided an opportunity to developers to showcase their affordable housing projects and helped aspiring home buyers to choose from various available affordable housing projects. Your Company successfully conducted 31 Griha Utsav in the financial year 2017-18, witnessing participation from 300 builders and over 30,000 aspiring home buyers.

Your Company has launched various initiatives on the digital platform to render faster services to its customers. A key initiative

was the establishment of two Central Processing Units (CPUs) at Mumbai and Hyderabad for delivering faster decision making, execution and cost efficient processing to its home loan customers across India.

With a strategized and differentiated approach, your Company has financed over 5.9 lakh customers and built loan assets of ₹91,932.32 crore as on March 31, 2018. The total AUM of the Company increased by 32.94% from ₹83,559.92 crore as on March 31, 2017 to ₹1,11,085.83 crore as on March 31, 2018. The Assets Under Management (AUM) of your Company had crossed the coveted milestone of ₹1,00,000 crore.

The quality of the Company's loan book has remained high over the years, with Gross and Net NPAs at comfortable levels, at 0.96% and 0.56%, respectively. The Company enjoys a high credit rating of AAA by domestic rating agencies, CARE and Brickworks.

A key strength of your Company is the variety of its funding sources, which helps it optimise funding costs, protect interest margins, and retain its diversified funding portfolio. At the same time, this also enables the Company to achieve funding stability and liquidity, facilitating reduction in average borrowing costs.

In another step towards strengthening its competitive edge, your Company is integrating the best technology practices in collaboration with leading IT service providers. The enhanced technology leverage is helping your Company boost operational and cost efficiencies to support its growth agenda, which it will continue to strengthen through proactive and far-sighted initiatives across its business functions.

COMPETITIVE STRENGTHS

Your Company's core strengths are built on the pillars of:

- Competitive offerings, both on products and pricing, to augment its market share in the evolving market;
- Ability to satisfy large segments of the population through a diversified portfolio, facilitating broad based growth;
- Robust marketing and distribution networks, spread across the length and breadth of India, with focus on Tier-II and Tier-III cities and towns;
- Diversification into mortgage backed property (non-housing) loans, and secured & unsecured SME loan products;
- Active and aligned with developers through Project Finance and approved Project strategy to build continuing leads and forward linkages for home loans;
- Cross-selling of products and services, in order to promote fee-based income through Insurance and Mutual Fund tie-ups;
- Leveraging on the presence of companies in the Group in the financial services sector;
- As one of the few deposit taking housing finance companies, integrating Deposit Products as a key business vertical thus not only giving broader access to meeting resource needs but also giving wider connect with the retail market place;
- Having an appropriate mix of borrowings.

Products And Services

Your Company's product portfolio encompasses Housing and Non-Housing Loans. Its primary offering is home loans customised to the needs of the LMI segment in India. It provides secured finance to individuals, partnership firms and companies, for purchase, self-construction, improvement and extension of homes, new and resalable flats, commercial properties and plots. Your Company also offers certain types of mortgage backed non-housing loans, as well as innovative products and services to meet the emerging needs of customers, covering savings, loan and protection.

Housing Loans

Your Company's Housing Loans portfolio consists of a range of home loan products designed for the various classes of borrowers, matched to their borrowing capabilities. The products, suitable for salaried professionals, self-employed and entrepreneurs, come with repayment options up to 30 years. Loans for purchase of ready or under-construction housing units, home renovation/extension, self-construction, purchase of plots and composite loan for purchase of plot and self-construction are included in this category. Special care is taken to enable home loan access to the LMI segment, while designing the product and processes. During the financial year 2017-18, your Company disbursed loans of ₹44,800.31 crore as against ₹28,581.90 crore in the financial year 2016-17.

Loans for Weaker Sections

Your Company also offers products aimed at the weaker sections of society, and actively participates in various schemes of National Housing Bank, such as the Golden Jubilee Rural Housing Refinance scheme and Pradhan Mantri Awas Yojana.

Project Loans

Project Loans are a part of overall business strategy of your Company, which enables linkages to retail loans and to earn better yields in the basket of products and services.

With slowing down of credit flow to real estate developers from the banking system, your Company with strong understanding of this market and a well-equipped project assessment/evaluation team has filled in an important credit line to this vital infrastructure segment by financing deserving projects. The Company also selectively gives loans to rehabilitation projects in select metros which helps slum clearance and rebuild dilapidated structures thus meeting a larger social cause.

Under the Project Loans vertical, your Company offers loans to developers for the construction and development of predominantly residential and mixed-use projects. Largely the focus is on Projects in tier II and tier III cities. Introduction of RERA in many key states has strengthened the transparency and accountability of developers to complete the project on time and account for cash flow within the project through escrow mechanism. These have helped builder loans market to get streamlined and help companies like yours to take calculated exposure on builder loans.

Management Discussion and Analysis (Contd.)

Approved project route is a strong business strategy which contributes to the growth of retail loans, while providing a complete and holistic solution to the developer. It is a win-win solution, creating business synergies at the one end, and minimising project risk at the other. Your Company also gains in the form of an inventory of low risk and well-developed already financed properties, on which it can then lend to retail customers through simple and faster procedures and processes.

SME Funding

Your Company's SME Funding vertical seeks to facilitate financial inclusion for the micro, small and medium enterprises (MSMEs), extending loans, backed by property or revenue generating equipment. It promotes the National mission for growth capital to MSMEs with a turnover of less than ₹ 200 crore. With an average LTV (Loan to Value) ratio at origination of sub-45%, your Company is focused on on-boarding a significant portion under Priority Sector Lending Assets (PSL).

Prudent risk management practices are integral to the vertical's operations and your Company maintains high underwriting standards. The thrust is on sourcing pre-defined selective target industries and segments. The growth agenda of your Company is driven by a multi-pronged strategy that includes building of existing and new channels, including MoUs with leading equipment manufacturers, OEMs and distribution agents.

and DHFL GI. To ensure adequate insurance coverage for the properties financed during the tenure of the loan, it also advises its customers in relation to insurance products suitable for them, thus enabling a borrower to ring fence from any eventuality.

In addition, apart from your Company's own deposit products, your Company also offers Mutual fund products of its Joint Venture entity i.e. DHFL Pramerica Asset Managers Private Limited.

Besides strengthening the customer interface and relationship, these offerings enable your Company to boost its profitability.

Systemic business approach

Your Company follows a systemic approach to business, and has, over the years, developed a well-structured business model, comprising Sales & Marketing, Credit, Operations, Risk Management, Internal Audit, Collections & Recovery and other key complementary functions. It has an extensive sales network, which includes a direct selling team working under the supervision of the Company's sales supervisors. This team contributes 51% to the quantum of loans disbursed by your Company and; based on the disbursement of loans sourced by them, they are paid a combination of fixed fee and performance linked variable commission. DSAs and other business referral partners are also a strong generators of business for your Company.

Your Company's employees remain involved across the value chain of the loan process, engaging with customers from the stage of loan origination through disbursement. With most loan cases originating from the in-house direct selling team, the employees get the opportunity to gain insights into the specific needs of the customers, also leading to strengthening of the credit appraisal mechanism and increased brand awareness. The in-house underwriting team conducts a credit check and verification procedure on each customer, thereby ensuring consistent quality standards and minimising the risk of future losses. 100% of the loans are underwritten by the in-house credit managers.

Your Company has also engaged third party web-based loan origination and lead management systems to originate and manage home loan applications. Such third party providers are engaged on a commission fee on the leads and also based on the amount of loans disbursed to customers who have been originated or led from the loan origination and lead management system.

Your Company ensures quick turnaround time to improve customer satisfaction, while maintaining underwriting standards. Your Company services both individual consumers and developers through its end-to-end business model.

Technology has emerged as a key driver of your Company's customer-centric growth strategy, enabling it to boost operational productivity and efficiencies. Customer satisfaction is ensured through efficient customer interfaces with quick turnaround, while adhering to the highest underwriting standards. With evaluation

of the properties funded, conducted by in-house technical experts, who are qualified civil engineers, customers have the advantage of a one-stop shop. This is of particular help to the relatively inexperienced customers in the LMI segment, which your Company is primarily targeting.

Operational efficiencies

Your Company has a separate Operations vertical to run post-sanction disbursement and loan management processes, thus helping it to manage its geographically diverse business, and the related risks, more effectively. The Operations team is tasked with processing of the documents covering legal and technical reviews, besides handling disbursements and relationships across the transaction life cycle. To ensure procedural discipline, your Company has in place strong checks and processes, which also enables it to achieve exposure limits for several segments and review of the local markets and builders on continuous basis, as a part of its portfolio monitoring and management framework. The processes and systems, designed and followed by the Operations team, help bring in greater efficiencies and enhanced productivity for your Company.

Distribution Network

Your Company's distribution network is designed to reach out to the LMI segment and tap a growing potential customer base throughout India. It maintains a pan-India marketing and distribution network with a presence at 347 locations throughout India, including 187 branches, 135 service centres, 20 zonal/regional/CPU offices, 2 disbursement hubs, 1 collection centre, 1 corporate office and 1 national office as on March 31, 2018. Its network is grouped into zones and regions located pan-India with significant presence in Tier II and Tier III cities and towns and its peripheral suburbs. The Company believes that its business model allows it to deliver improved turnaround time and to improve customer satisfaction while maintaining asset quality.

Your Company has international representative offices located in London and Dubai.

Strong Customer Service proposition

Your Company's Customer Service proposition comprises multiple mid-level feedback and grievance redressal channels, spread over its branches, call centres, emails, letters, and social media, among others. A Board-approved management level committee further reviews the grievances periodically to address the root causes. Robust processes are in place at each level. At the call centre, the customer is authenticated through pre-defined verification parameters before providing transaction related details over phone or emails. All customer interactions are recorded in Customer Relationship Management (CRM), with a unique reference number assigned to enable the customer request to be monitored. This also helps in providing the status through any of the channels.

As the next step, the requests/complaints are assigned to dedicated customer service (CS) managers appointed at each regional/zonal office. The CS manager and branch operations manager (BOM) ensure timely resolution of the customer complaints/queries. This is followed by up-gradation of the service

request with accurate comments. The customer is then informed of the resolution, followed by closure of the service request.

Effective Asset Recovery

Robust collection and recovery mechanism set up by your Company was able to absorb tough challenges faced last year in terms of after effects of demonetisation and GST implementation etc. Aggressive recovery and legal actions ensured good collections, minimized defaults and low NPAs. The key characteristics of the collection & recovery framework are as detailed under:

- EMLs are increasingly linked to Electronic Clearing Mandate thus ensuring prompt collection of dues on the due dates.
- More push towards digital repayments enabled by various technology tools
- Asset recovery process starts with timely reminders on early stages of default by borrowers, thus building a strong repayment culture.
- Well trained recovery agencies used sparingly and governed by National Housing Bank guidelines.
- Actions under the SARFAESI Act followed by auction based (e-auctions and offline auctions) disposal of repossessed assets are effectively used as tools to recover delinquent loans
- One Time settlement offers are also used effectively to resolve defaulting cases where genuine reasons and reasonable settlements are available.
- Your Company has also taken various customer-friendly initiatives like giving them conciliation forums, under the name SAMADHAN, to help them come out of default.

Non-performing Assets

With all the above mentioned methods being in place, your Company consistently maintains low NPA levels. This has been made possible through adherence to good underwriting standards, regular monitoring and strong recovery systems.

In the financial year 2015, it engaged with Shah Rukh Khan, an Indian film actor, as its brand ambassador and launched an integrated media campaign 'Ghar Jaisa Loan' in January 2015. In the financial year 2016, the campaign was re-launched with a renew message 'Say No to Bahanas. Own Your Dream Home'. In financial year 2017, it extended the thought of the campaign to 'Home loan Kab. Aapka Dil Chahe Tab'. And in financial year 2018, it launched 'Aisa Desh Ho Mera' with an objective of amplifying its Founder Chairman's vision of enabling homeownership for every Indian. In line with the Government's objective of "Housing for All by 2022", this unique campaign urges customers to visualize an India where the dream of owning a home can be easily transformed into reality. "Saste, aasan home loans par sabka haq ho" is the theme of this campaign resonating with the aspirations of every Indian.

Your Company enhanced its social media presence by increasing its engagement with customers via Facebook, Twitter, LinkedIn and YouTube. Basis indepth research on consumer's online behaviour and journeys, your Company revamped its website making it mobile and user friendly for improved communication with its stakeholders and customers. The website effectively captures your Company's leadership position across housing and non-housing loan portfolios and helps visitors get a better understanding of your Company's products and services with a least number of clicks.

Your Company and its top management also received extensive PR coverage across leading news channels and newspapers during the year, apart from receiving various recognitions through awards and accolades.

Your Company has also ensured value driven communication to reinforce the significance of home ownership, across TV, print, radio, digital and outdoor media. Additionally, your Company has leveraged the digital media to generate awareness on the nuances of home loans and welfare schemes, including the Pradhan Mantri Awas Yojana (PMAY), using digital characters 'Sharmaji & Vinodji' launched in 2016, as part of its consumer education initiative.

Funding Sources

In an effort to reduce its borrowing costs, maintain adequate interest margins and achieve its liquidity goals, your Company depends on diverse sources of funding, using multiple institutional units for lines of credit, including banks.

In line with its strategic thrust on reducing the cost of funds, your Company has significantly brought down its borrowing cost from banks and financial institutions. Making further strides in this direction during the financial year 2017-18, your Company leveraged its upgraded ratings to increase market borrowings. Income from Operations

Your Company registered a robust growth in the total revenue from operations, which mainly includes interest on housing loan disbursed to the customers. This was primarily due to an increase in loan disbursements through deeper penetration into the existing markets and geographical expansion through your Company's captive network.

Income from operations increased from ₹ 8,851.76 crore in the financial year 2016-17 to ₹ 10,450.16 crore for the financial year 2017-18, registering a growth of 18.06%. The increase in income from operations was mainly due to increase in loan book. Your Company has also generated revenue from other miscellaneous receipts. Other revenues constitute ₹ 14.29 crore during the financial year 2017-18, as against ₹ 5.47 crore during the financial year 2016-17.

Interest and Finance Cost

Your Company's interest expenses increased by 13.70% from ₹ 6,653.61 crore in the financial year ended March 31, 2017 to ₹ 7,564.92 crore for the financial year ended March 31, 2018. The increase in interest expenses is due to the rising borrowings required to fund the disbursements.

Employee Remuneration & Benefits

Your Company continued to make substantial investments in human capital and information technology to meet its growth targets. Employee costs increased by 35.95% from ₹ 262.47 crore

for the financial year 2016-17 to ₹ 356.82 crore for the financial year 2017-18, primarily due to the increase in head count from 2,881 to 3,582 to meet the business requirements on account of expansion in terms of geography and business volumes. Employee costs accounted for 51.31% of the entire operating expenses for the financial year 2017-18, which is slightly more compared to 46.88% for the financial year 2016-17.

Other Expenses

The administrative and other expenses increased by 13.85% from ₹ 297.46 crore for the financial year ended March 31, 2017 to ₹ 338.66 crore for the financial year ended March 31, 2018 owing to an increase in rent, rates, taxes, repairs & maintenance and other expenditure.

Depreciation & Amortisation

Depreciation charged on fixed assets was ₹ 27.63 crore in the financial year 2017-18 vis-à-vis ₹ 23.30 crore during the financial year 2016-17. Depreciation on fixed assets is provided on straight-line method by considering revised useful lives as specified in part 'C' of schedule II to the Companies Act, 2013.

Provision for Contingencies

Your Company has made full provisions for Contingencies for diminution in investment value and on standard as well as on non-performing housing loans and other property loans as per the Prudential Norms prescribed by the National Housing Bank. RISK MANAGEMENT

Your Company has a well-structured risk management policy to address the various risks it is exposed to, on account of being in the lending business. These include: credit risk, market risk, liquidity risk, legal risks, interest rate risk, and operational risk. The Risk Management Policy of the Company seeks to identify, assess and monitor various risks.

The Company's risk management policy is steered by the Board, with the overall responsibility of risk management assigned to the Risk Management Committee of the Board of Directors. At the operational level, the Company has set up an independent risk management function under the Head – Risk & Collections.

Liquidity Risk Management

The Asset Liability Committee (ALCO) of the Company monitors, on an ongoing basis, liquidity, interest rate and funding risks to which the Company is susceptible. Liquidity risk is caused by an asset-liability mismatch resulting from a difference in the maturity profile of the assets and liabilities. Unexpected increases in the cost of funding an asset portfolio, at the appropriate maturity, and the risk of being unable to liquidate a position in a timely manner at a reasonable price, are some of the triggers of this risk.

The liquidity risk among HFCs stems from the fact that the assets generated by HFCs have an average tenure of 10 to 12 years, while the liabilities have seven to ten years. Your Company actively monitors its liquidity position to ensure that it can meet all requirements of its borrowers, while also meeting the requirements of its lenders, and also strengthen its ability to consider investment opportunities as they arise. The Asset Liability Management Committee ("ALCO"), comprising Senior Management Team, lays down policies and quantitative limits, and also the Risk Management Committee, Audit Committee and the Board are periodically apprised in this regard.

With its diverse sourcing of liquidity to facilitate flexibility in meeting funding requirements, your Company funds its operations mainly by borrowings from banks, financial institutions and capital markets. It also obtains refinance from NHB and funds from Public (Fixed) Deposits.

Interest Rate Risk Management

Rate-sensitive asset-liability gap analysis is used to measure exposure to interest rate fluctuations, providing a static view of the maturity profile of balance sheet positions. An interest rate gap is prepared by classifying all assets and liabilities into various time-period categories in accordance with contracted maturities

or anticipated re-pricing date. The difference in the amount of assets and liabilities maturing, or being repriced in any time-period category, indicates the extent of exposure to the risk of potential changes in the margins on new or re-priced assets and liabilities.

In order to mitigate this risk, your Company strives to optimise its borrowings between short-term and long-term debt, and also between floating and fixed-rate instruments. It prepares interest rate risk reports periodically, and shares the findings with National Housing Bank. Further, to ensure that exposure to fluctuations in interest rates is kept within acceptable limits, your Company follows a prudent policy on the management of its assets and liabilities.

Interest rate swaps are used on a limited basis for hedging interest rate mismatches, the ALCO periodically reviews the treasury operations, as well as the pricing of products, at specific intervals.

Credit Risk Management

A credit risk is the risk of default on a debt that may arise from a borrower failing to make required payments. Lenders are exposed to default risk in virtually all forms of credit extensions. Default risk can change as a result of broader economic changes or changes in a Company's financial situation.

Certain credit norms and policies are being followed by your Company to manage credit risk, including a standard credit appraisal policy based on customer credit worthiness approved by the Board. These criteria change between loan products and typically include factors such as profile of applicant, income and certain stability factors such as the employment and dependency detail, other financial obligations of the applicant, Loan to value and the loan-to-cost ratio. Standardised credit approval process including a comprehensive credit risk assessment is in place which encompasses analysis of relevant quantitative and qualitative information to ascertain the credit worthiness of the borrower.

The credit policy and loan delivery process are put in place by your Company prescribing ideal portfolio configuration in terms of customer profile and considering factors such as exposure limits, segmented net interest margins (interest rates vis-a-vis default propensity in a segment) and its impact on the loan book, risk based pricing based on probability of default, appraisal standards and collateral management. Your Company efficiently manages credit risk on both portfolio as well as on a transactional level.

Your Company has followed evaluation methodologies on credit and portfolio management to ensure consistent underwriting and

Management Discussion and Analysis (Contd.)

early identification of problematic loans using various analysis and techniques, such as early default analysis, product analysis and probability of default. In order to bring uniformity and to minimise local subjectivities in the credit appraisal, the Company's branches act as a sourcing point while the Centralised Processing Units (CPUs) act as decision points for credit underwriting. These CPUs not only provide standardised decisioning but also enable the same at reduced cost and increased productivity.

Independent internal legal and technical evaluation teams in your Company help to make credit decisions more robust and in line to manage collateral risk. Your Company's employees are involved throughout the entire loan process and are able to consult with customers from loan origination till disbursement. The in-house Credit team conducts a credit check and verification procedure on each customer, ensuring consistent quality standards to minimize future losses.

Your Company also has in place a dedicated Risk Containment Unit (RCU), a team of fraud identification specialists, which ensures that all loan files are thoroughly checked for any fraud elements in profile, documentation, identity or property value before they are disbursed to the customers.

To review the adherence to laid down policies and quality of appraisal, your Company's independent internal audit team conducts a regular review of files on a sample basis. A dedicated collection and recovery team manages lifecycle of transactions and monitors the portfolio quality.

Your Company has developed high expertise in the entire loan lifecycle and has utilised the same very well not only in LMI segment, where credit risk is sometimes tough to assess, but also in Loan Against Property and SME loans which require a very specialised risk assessment.

Operational Risk Management

Operational risk management is defined as a continual cyclic process which includes risk assessment, risk decision making, and implementation of risk controls, which results in acceptance, mitigation or avoidance of risk.

To manage the Operational Risk, your Company has implemented a comprehensive operational risk management policy with a framework to identify, assess and monitor risks, strengthen controls, improve services and minimise operational losses. Your Company attempts to mitigate operational risk by maintaining a system of internal controls, establishing systems and procedures

to monitor transactions, maintaining key back-up procedures, undertaking regular contingency planning and providing employees with continuous training.

Moreover your Company remains exposed to substantial risk when transactions are carried out at multiple locations simultaneously. To have a preventive vigilance and control the transaction risk, Risk containment units have been established at major locations, wherein hind sighting, upfront scrutiny and curbing of malpractices are undertaken.

As your Company deals with many external vendors on various sides of business, it has a well-defined Outsourcing Policy, approved by the Board, which clearly lays down the requirements and procedures for any such engagement. Such controls also help your Company in keeping a standard approach in such engagements.

Your Company has strengthened its technology platform across systems and processes and also has a disaster recovery site for retrieval of data to operating units in case of an eventuality or system failure as a part of its business continuity plan. Your Company has set up a data centre in Bengaluru to ensure that all transactions are separately kept on real-time basis. Your Company has formulated the contingency plan to address data recovery in case of a natural disaster. The Management also periodically reviews vigilance and fraud reports, recovery reports and audit reports to detect failures with the objective of systemic remediation.

Any event or incident, which has the potential risk to your Company's brand name or reputation, is continuously watched out for and your Company has in place related risk controls to manage such risks, with a special focus on the ones which can cause any legal or compliance complications.

INTERNAL CONTROL SYSTEMS

Your Company has an adequate system of internal controls for business processes, operations, financial reporting, fraud control, and compliance with applicable laws and regulations, among others. These internal control and systems are devised as part of the principles of good governance; and are accordingly implemented within the framework of proper check and balances. Your Company ensures that a reasonably effective internal control framework operates throughout the organisation, which provides assurance about safeguarding the assets, reliability of financial and operational information, compliance with applicable statutes,

execution of transactions as per the authorisation and compliance with the internal policies of the Company.

Your Company's Management Assurance and Audit function is headed by a senior management personnel with reporting lines to the Audit Committee of the Board and a dotted line reporting to the Joint Managing Director and Chief Executive Officer. The head of management assurance and audit is accountable to the Board of Directors through the Chairman of the Audit Committee. The function is responsible for providing comprehensive audit coverage of all divisions within the Company and for assisting management in ensuring proper control over Company's assets and liabilities. It is an independent and objective assurance and consulting activity designed to add value and improve the Company's operations. It helps your Company accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control and governance processes. The function adopts a risk-based audit approach and conducts an audit of all branches and functions and also proactively recommends improvements in operational processes and suggests streamlining of controls to mitigate various risks.

HUMAN RESOURCES

Your Company strives to build a culture based on the philosophy that 'Talent is and will be the key differentiator propelling our success'. It is your Company's constant endeavour to create an environment of continuous learning, earning and growth for its workforce.

Your Company remains focused on attracting the best talent in the industry, nurturing them through robust learning and development mechanisms, and retaining them through progressive employee-centric policies and practices. This is successfully done through effective amalgamation of the organisational objectives with individual aspirations.

During the financial year 2017-18, your Company reinforced the pre-trained manpower hiring channel, providing product and process training prior to on-boarding, in order to minimise loss of productive hours. Your Company is also tied up with renowned and tier 1 educational institutions of the country to curate end-to-end scholastic cycles for the youth of tomorrow. Your Company hosted several referral schemes to ensure cost-effective and quality hires. It also revamped its Employee Induction Programme, enabling alignment of the off-role staff to the organisational culture, while, at the same time, imparting to them the necessary product and process information.

Your Company, in the financial year 2016-17, had launched "Better Together" - its diversity and inclusion initiative. Your Company hired

150 female staff in financial year 2017-18, as against 44 in financial year 2016-17, reflecting a growth of 341% in absolute value terms. Your Company launched "Stronger Together" – the DHFL Women's Club, on the occasion of International Women's Day, facilitating knowledge sharing and empowerment among women employees, to achieve success. Your Company also organised several work-life sessions by renowned speakers, besides self-defence camps, as well as grooming and health awareness sessions. Your Company, as responsible partners in the corporate world, will continue to embrace diversity and strive to build a working environment conducive to women staff, marked by equal opportunities and merit-based approach for growth of all.

Your Company had launched GATI – Career Progression Plan for its off-role staff - in financial year 2015-16, under which approximately 3,500 frontline staff was distributed across three levels. In the last financial year, your Company on-boarded 10% proportion of its total hire from off-role source, optimising hiring cost and reducing performance lead time on hiring. Your Company also imparted "First Time Manager" training to employees to sharpen their managerial and team management skills to lead employees.

Your Company has also partnered with reputed educational institutions to provide higher education opportunities to employees and their families at subsidised rates. As part of this initiative, it received more than 100 nominations within 6 months of launch. Through this initiative, your Company intends to provide career growth opportunities to its human capital and foster higher studies amongst the extended DHFL Family, contributing to the cause of developing employable skills amongst the youth of the nation.

Your Company is on its way to building a futuristic organisation based on the strengths of its internal team members, so as to leverage the natural inclinations of any individual to achieve higher levels of productivity. For this, your Company had partnered with a renowned name in the Strength Management Field, Gallup, through their tool, Gallup Clifton Strength's Finder – an online assessment tool that identifies areas in which an individual has the greatest potential for building strengths. In the last financial year, your Company covered 330+ people managers under this programme and successfully implemented this concept, building strength-based approach into the innate fibre of the organisation and its internal processes. Your Company, in collaboration with Gallup, also structured a Leadership Enrichment Session based on the Strengths Philosophy, which involved the conception of Organisational and Functional Level Strength Maps that would help ascertain the overall organisational behaviour and areas of core strengths. The partnership is aimed at supporting the strategic growth charter of the Company and pinning down priority action areas to make your Company's future-ready.

Management Discussion and Analysis (Contd.)

Your Company respects talent and proactively builds growth-driven symbiotic relationships with its high potential employees. In line with this approach, your Company launched ZENITH – Accelerated High Potential Developmental Programme, wherein a pool of employees was identified through a series of stringent assessments to adjudge their abilities and aspirations. This group of employees will be undertaken through a blended learning model, thereby developing them to take up the baton for your Company in future. This initiative ensures a structured succession pipeline across your Company, enabling it to keep a ready pool of talent to take up critical projects for the organisation, and promotes home-grown leadership in parallel.

Band-based Interventions

Your Company also has in place a powerful internal reward and recognition mechanism - RACE (Recognise and Celebrate Excellence). Under this programme, your Company has, till date, recognised over 1500+ top performers quarter on quarter, amongst whom 42% were off-role awardees. The performance levers for identifying achievers every quarter are directly aligned to the overall mission of the organisation and thereby, through RACE, your Company promotes and wishes to clone behaviours that drive performance in order to achieve higher productivity levels. RACE operates across the board, covering over 65 unique roles in the organisation spanning varied departments against three major award categories – Miles Awards for frontline sales

staff, Star Awards for back-end non-sales staff, and Hero Awards for employees at Area, Region and Zonal Roles. Through RACE, your Company also recognises employees who demonstrate people management skills, through the People Excellence Awards. Your Company fosters a culture of recognition and meritocracy through the platform of RACE, which additionally acts as a booster to employee productivity.

Your Company understands that in addition to building a performance oriented culture, it is also of paramount importance that employees are provided with an engaged work environment. Thus, to promote fun and joy at work, your Company introduced SHINE to Spread Happiness, Impact Lives and Nurture Excellence. Under this initiative, your Company organised DHFL Sports League – a pan India Carrom and Cricket Championship, wherein more than 1,500 employees participated. Tournaments were held at regional and zonal levels, and the finale was held at Mumbai in January 2018. Your Company also organised 33 Family Carnivals across the country, connecting approximately 7000 families. Through this annual gala celebration, your Company acknowledges and thanks the invisible efforts of the extended DHFL family members to promote the success of the organisation. Your Company is also focused on proactive wellness of its employees, and organised several health camps across the country. Besides, more than 500 employees participated in Stepathlon, and Marathons across major locations were also activated.

Your Company appreciates the importance of integrating modern technology, and enabling its seamless use by its employees, to strengthen the people management framework. Led by the vision, of connecting to the last mile of employees, your Company revamped the internal HR portal – DHFL Connect, and brought under one umbrella all the 9,000+ employees on DHFL and off-role employees rolls. Apart from employee lifecycle modules, DHFL Connect's top-notch features like blogs, polls, announcement section, news updates, live gallery and real time appreciation tools enable your Company to promote collaboration and communication across the rungs. DHFL Connect, accessible from a range of devices including mobiles and tablets, facilitates geo-attendance tagging, helping the employees mark their presence on-the-go. DHFL Connect is the starting point of HR digital transformation, automation of lifecycle processes and knowledge management, the derivative of which would be enriched internal customer experience for your Company.

In its continued efforts to build your Company as an employer brand of choice, your Company gave a makeover to its official

LinkedIn Page, showcasing the ethos, practices and spirit of a DHFL workplace. Your Company could achieve a significant growth in organic followers since the new page launch, reflecting increased traction and social presence for your Company on the web media.

Your Company also undertook proactive measures to ring-fence critical talent and keep attrition values well within the industry range. Employee productivity also moved up the curve through the financial year, and had a positive impact on business growth continuity.

As on March 31, 2018, your Company's total workforce was 3,582 as against 2,881 on March 31, 2017. The growth in manpower is in line with your Company's strategy of growing operations and expanding its geographical reach, especially in Tier II and Tier III cities, towns and peripheral suburbs.

OUTLOOK

India holds promising future to its vast population by facilitating widespread development that will ensure better quality of life and to maintain higher economic growth trajectory giving better income and employment opportunities. The country is also expected to witness a qualitative shift towards enhanced transparency in governance and greater thrust on inclusion by taking the benefits of development to the people across its length and breadth into hinterlands and rural areas; and fulfill the aspirations of the new India which transcends beyond the metros.

In fulfilling the dispersed growth objective, the Government is committed to build world-class infrastructure that links the hinterlands to the towns and cities and provide "Housing for All by 2022". There is also a sustained focus on ensuring that small and medium businesses have access to credit and support from the formal financial sector. These initiatives will go a long way towards ensuring that growth is built on a firm base and is, therefore, sound and sustainable.

The Indian real estate market is expected to touch USD 180 billion by 2020. Housing sector is expected to contribute around 11% to India's GDP by 2020. In the period of financial years 2008-20, the market size of this sector is expected to increase at a Compound Annual Growth Rate (CAGR) of 11.2%. Retail, hospitality and commercial real estate are also growing significantly, providing the much-needed infrastructure for India's growing needs.

Financial year 2018-19 is expected to be positive on the back of various policy initiatives undertaken by the Government like GST and RERA during the year gone by. Real estate sector will witness more corporate players expanding their area of operations while small focused players will continue to gain in smaller towns and new suburbs fanning out of major urban centers. Affordable

home will witness better offerings with supply side realignment to potentials of demand, while new income opportunities in smaller towns will push demand side. Completion of existing projects will be the priority under the RERA regime over launching new ones, hence, 2019 looks promising for a good supply of houses on a time based delivery across major Indian markets. In order to achieve this, developers will be remodeling their business processes to streamline delivery and providing value propositions for home buyers.

The Government's efforts to boost "affordable housing" by conferring "infrastructure status" to this segment and announcing various tax incentives will continue to attract more prominent developers to realign their products to compete in this category. The Union Cabinet's decision to increase the carpet area of affordable units to 120 sq.m and 150 sq.m for MIG-I (income category ₹ 6-12 lakh per annum) and MIG-II (income category of ₹ 12-18 lakh per annum) segments respectively, coupled with an interest subsidy of upto 4%, will benefit both buyers and sellers as options increase for the former and inventories are cleared for the latter. Affordable housing will therefore become an important segment in every developer's portfolio in financial year 2018-19. Developers could also be focusing on their niche expertise, specialising in the various segments of real estate, e.g., plotted developments, residential projects, townships, and commercial spaces; and hence, specialist service providers could be emerging in each of these categories.

In terms of policy initiatives in the housing sector, the Government has increased its support to both developers as well as home buyers through the implementation of RERA and granting industry status to the affordable housing. At the same time, maintaining low interest rates and the Government's decision to establish a dedicated affordable housing fund under the National Housing Bank (NHB) bring the dream of home ownership closer to those in the Economically Weaker Sections (EWS) and Low Income Group (LIG) categories. Lastly, efforts to boost rural incomes through various programmes, including the endeavour to double farmer incomes by 2022 announced in the Union Budget – 2018 and credit-linked subsidy schemes under the Pradhan Mantri Awas Yojana to encourage MSMEs, will increase the propensity of rural India to own houses.

In support of the larger economic trends, and in continuation of its mission to contribute significantly to the creation of a nation of home owners, your Company continues to structure products that can match the needs of the emerging demand and innovate offerings to ever expanding population of home ownership aspirants on the periphery. With this intention, your Company endeavours to maintain its focus primarily on Tier-II and Tier III locations, where housing demand will flourish in the current economic scenario.

Financial year 2017-18 was yet another year in the building block of your Company as it deepened its presence in the housing finance sector and continued to strengthen its roots in SME lending, as well. Leveraging its key strengths, including its diverse sources of funding, its technological solutions and most importantly, its holistic approach towards lending has enabled your Company to maintain high quality assets portfolio, while its customer base increased considerably.

Your Company maintains a positive outlook, driven by its strong leadership position in the affordable housing finance industry and sharp competitive strengths. As all key business enablers are currently showing favourable signs, your Company is optimistic and expects another year of healthy growth in financial year 2018-19. Your Company has also invested into a new technology platform and a centralised processing set-up, with

an aim to further embed the best business practices within each level of operation. With significant technology-led initiatives underway aimed at enhancing internal efficiencies as well as creating a differentiated customer experience model, your Company is indeed future ready. Your Company is already on course to build an enduring financial services business that continuously rewards investors with strong earnings growth.

Going ahead, your Company looks forward to furthering its mission of inclusion, with proactive and far-sighted initiatives across its business functions. While empowering large segments of the population, through a diversified portfolio, it will continue to facilitate stronger, higher, more sustainable growth for itself; and at the same time participate in the Nation building in a positive way.

DIVIDEND DISTRIBUTION POLICY

I. Preamble

Pursuant to the provisions of Regulation 43A of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended by Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) (Second Amendment) Regulations, 2016, [“**Listing Regulations**”] vide circular no. SEBI/LAD-NRO/GN/2016-17/008 dated July 8, 2016, the Board of Directors of the Company at its meeting held on October 17, 2016, have approved and adopted the Dividend Distribution Policy [“**Policy**”] of the Company.

Regulation 43A of the Listing Regulations makes it mandatory for the top five hundred listed entities based on their market capitalization calculated as on March 31 of every financial year to formulate Dividend Distribution Policy.

The Company being one of the top five hundred listed companies as per the market capitalization as on the last day of the immediately preceding financial year, i.e. March 31, 2016, frames this Policy to comply with the requirements of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

II. Objective

This Policy aims to ensure that the Company makes rationale decision with regard to the amount to be distributed to the equity and preference shareholders as dividend after retaining sufficient funds for the Company's growth, to meet its long-term objective and other purposes.

This Policy lays down various parameters which shall be considered by the Board of Directors of the Company before recommendation/declaration of Dividend to its shareholders.

III. Definitions

- a. “**Act**” means the Companies Act, 2013 and rules made thereunder [including any amendments or re-enactments thereof]
- b. “**Applicable laws**” shall mean to include Companies Act 2013 and rules made thereunder, [including any amendments or re-enactments thereof], Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, [including any amendments or re-enactments thereof], Rules/guidelines/notifications/circulars issued by National Housing Bank and any other regulation, rules, acts, guidelines as may be applicable to the distribution of dividend.
- c. “**Board**” or “**Board of Directors**” shall mean Board of Directors of the Company, as constituted from time to time.
- d. “**Company**” shall mean Dewan Housing Finance Corporation Limited.

- e. “**Dividend**” includes any interim dividend; which is in conformity with Section 2(35) of the Companies Act, 2013 read with Companies (Declaration and Payment of Dividend) Rules, 2014.
- f. “**Financial year**” shall mean the period starting from 1st day of April and ending on the 31st day of March every year,
- g. “**Free reserves**” shall mean the free reserves as defined under Section 2 (43) of the Act.

IV. Parameters Governing the Distribution of Dividend

1. Factors for recommendation/declaration of Dividend.

a. Internal factors (Financial Parameters)

The Board shall consider the below mentioned financial parameters for the purpose of recommendation/declaration of dividend:

- i. Current year's net operating profit
- ii. Capital expenditure and working capital requirements
- iii. Financial commitments w.r.t. the outstanding borrowings and interest thereon.
- iv. Financial requirement for business expansion and/or diversification, acquisition. etc. of new businesses.
- v. Provisioning for financial implications arising out of unforeseen events and/or contingencies.
- vi. Past dividend trend

b. External Factors

The Board shall also consider the below mentioned external factors at the time of taking a decision w.r.t recommendation/declaration of dividend:

- i. Applicable laws and Regulations including taxation laws.
- ii. Economic conditions
- iii. Prevalent market practices

2. Circumstances under which the shareholders of the Company may or may not expect dividend.

The decision to recommend/declare the dividend by the Board of Directors shall primarily depend on the factors listed out at point no. 1 above. However, the shareholders of the Company may not expect dividend in the below mentioned circumstances:

- i. In the event of a growth opportunity where the Company may be required to allocate a significant amount of capital.
- ii. In the event of higher working capital requirement for business operations or otherwise.

- iii. In the event of inadequacy of cashflow available for distribution.
- iv. In the event of inadequacy or absence of profits.
- v. Under any other circumstances as may be specified by the Companies Act, 2013 or any other applicable regulatory provisions or as may be specified under any contractual obligation entered into with the lenders

3. Manner of utilisation of Retained Earnings.

The Board of Directors of the Company may recommend/declare dividend out of the profits of the Company or out of the profits for any previous year or years or out of Free reserves available for distribution of dividend, as per the regulatory provisions after consideration of the factors as stated at point no. 1 above. The Company shall ensure compliance with the requirements in this respect as laid down under the provisions of Section 123 of the Act and other Applicable laws.

4. Manner of Declaration and Payment of Interim Dividend.

The Board of Directors of the Company may declare Interim Dividend during any financial year or at any time during the period from closure of financial year till the holding of the Annual General Meeting.

The Board shall consider the financial results of the Company for the period for which Interim Dividend is to be declared and shall be satisfied that the financial position of the Company justifies and supports the declaration of such Dividend.

The financial results shall take into account the following-

- a) Depreciation for the full year;
- b) Tax on profits of the Company including deferred tax for full year;
- c) Other anticipated losses for the Financial Year;
- d) Dividend that would be required to be paid at the fixed rate on preference shares;
- e) The Losses incurred, if any, during the current financial year up to the end of the quarter, immediately preceding the date of declaration of Interim Dividend;

In case, where the Company has incurred losses during the current Financial Year up to the end of the quarter immediately preceding the date of declaration of Interim Dividend, such Dividend shall not be declared at a rate higher than average Dividend declared during the immediately preceding three financial years.

5. Other factors to be considered with regard to various classes of shares.

Pursuant to the approval of the Board of Directors at its meetings held on January 16, 2017, and the shareholders of the Company through postal ballot resolution dated February 22, 2017, the Company reclassified its authorized share capital. At present, the Authorised share capital of the Company comprises of Equity and Preference shares.

Presently, the issued share capital of the Company comprises of only one class of equity shares of ₹ 10/- each which rank

pari passu with respect to all their rights. In the event the Company issues preference shares, Equity dividend shall stand second in priority after payment of dividend to the Preference Shareholders.

In the event of the Company issuing any other class(es) of shares, it shall consider and specify the other parameters to be adopted w.r.t. such class(es) of shares.

V. General

- i. Pursuant to the provisions of Section 123 of the Act, Articles of Association of the Company and this Policy, the Board of Directors shall recommend the final dividend, which shall be declared by the Shareholders of the Company at the Annual General Meeting. The Board may also, from time to time, declare interim dividend which shall be subject to confirmation by the Shareholders at the Annual General Meeting.
- ii. The Company shall ensure compliance with the Applicable laws w.r.t. payment of dividend to the shareholders. It shall ensure that the amount of the dividend, including interim dividend, is deposited by the Company in a Scheduled bank in a separate account within five days from the date of declaration of such dividend.
- iii. Due regard shall be given to the restrictions/covenants contained in any agreement entered into with the lenders of the Company or any other financial covenant as may be specified under any other arrangement/agreement, if any, before recommending or distributing dividend to the shareholders.

VI. Disclosures

The Company shall make appropriate disclosures in compliance with the provisions of the Listing Regulations, in particular the disclosures required to be made in the annual report and on the website (www.dhfl.com) of the Company.

Incase, the Company proposes to declare dividend on the basis of the parameters in addition to those as specified in this Policy and/or proposes to change any of the parameters, the Company shall disclose such changes alongwith the rationale in the annual report and on its website.

VII. Review

The Board of Directors shall have the right to modify, amend or change any or all clauses of this Policy in accordance with the provisions of the Applicable laws/Acts/Regulations or otherwise.

In case of any amendment(s), clarification(s), circular(s) etc. issued under any Applicable laws/Regulations, which is not consistent with any of the provisions of this Policy, then such amendment(s), clarification(s), circular(s) etc. shall prevail upon the provisions hereunder and this Policy shall be deemed to be amended accordingly from the effective date as laid down under such amendment(s), clarification(s), circular(s) etc.

ANNUAL REPORT ON CORPORATE SOCIAL RESPONSIBILITY (CSR) ACTIVITIES FOR FINANCIAL YEAR 2017-18

1. A brief outline of the Company's CSR Policy, including overview of projects or programmes proposed to be undertaken and a reference to the web-link to the CSR Policy and Programmes/ Projects.

The Company's Corporate Social Responsibility Policy was initially formulated in October 2012, and last revised and approved on April 30, 2014 by the Company's Board of Directors. The Policy aligns with the provisions of Corporate Social Responsibility under Section 135 of the Companies Act, 2013 read with Companies (Corporate Social Responsibility Policy) Rules, 2014 and Schedule VII of the Companies Act, 2013.

The Company's motto of *changing lives* is extended to its Corporate Social Responsibility. The Company is committed to delivering sustainable solutions to equip and encourage equal opportunity, maximise human development and leverage the aspirations of youth, women and vulnerable populations.

The Company is determined to undertake CSR activities strategically, systematically and more thoughtfully and encourage community development as against institutional building. The Company believes in delivering impactful solutions in collaboration with the community, Government, like-minded corporate entities and social purpose organisations.

The flagship programmes focus on Early Childhood Care and Education (ECCE), Skills Development for sustainable livelihoods, Rural Development with focus on drought mitigation and Economic empowerment through financial Literacy and inclusive growth. The Company has also made significant investments in sports, art and culture. Through these programmes, the Company seeks to bring forth sustainable changes in communities across diverse geographies.

The Company has established 'DHFL Changing Lives Foundation' as approved by the Board of Directors of the Company to take forward the Company's CSR Vision and implement social programmes in a far more collaborative and participative way. Details of the DHFL Changing Lives Foundation are as follows - DHFL CHANGING LIVES FOUNDATION ("the Foundation") was incorporated on December 1, 2017 as a wholly owned subsidiary under Section 8 of the Companies Act, 2013 under Corporate Identity Number (CIN) U85320MH2017NPL302380 and it is limited by guarantee. Registered Address of the Foundation

is Unit No. 1001, 10th Floor, TCG Financial Centre, Plot-C-53, G-Block, Bandra Kurla Complex, Bandra (East), Mumbai, Mumbai City, Maharashtra, India, 400051.

The Foundation has been implementing the Company's flagship CSR programme under Early Childhood Care & Education and provide monitoring support to other programmes.

The Company's flagship CSR programmes are detailed hereunder:

i. Early Childhood Care and Education (ECCE)

ECCE covers programmes for children from prenatal to six years of age; and caters to their needs in all domains of development i.e. physical, motor, language, cognitive, socio-emotional, and creative and aesthetic appreciation, and ensures synergy with health and nutrition. This programme is delivered through Anganwadi centres (courtyard centres), run as part of the Integrated Child Development Services (ICDS) by the Ministry of Women and Child Development.

The Company has implemented this programme in partnership with the Department of Women and Child Development (WCD), District Administration in Palghar District of Maharashtra and Bokaro District of Jharkhand in 2017-18.

The programme covers 1886 Anganwadis in Palghar, Vasai. Dahanu and Talasari Talukas of Palghar District and 465 Anganwadis in Bokaro District and reaches out to over 1,20,000+ children and mothers.

The ECCE programme has the below four components:

- **Education:** Build the capacity of Child Development Project Officers (CDPO), Supervisors, Anganwadi Workers and Sevikas to deliver pre-school education
- **Health & Nutrition:** Create awareness on health and nutrition among pregnant mothers, lactating mothers and adolescent girls in the community, strengthening community monitoring systems and empowering frontline workers to deliver preventive healthcare services
- **Model Anganwadis:** Construct child centric anganwadis with locally available implements and using innovative design models under 'Snehangans'

- **Stakeholder Empowerment:** Create financial safety net for frontline workers through formation of Self Help Groups and facilitating forward and backward linkages

During the financial year 2017-18, the Company collaborated with National Association of Students of Architecture (NASA) and launched a grand challenge to deliver 'model' child friendly anganwadis; the models will be implemented as a part of the programme across geographies.

ii. Skills Development for sustainable livelihoods

The Company delivers skill development programmes to youth from vulnerable populations, to empower them and create an ecosystem ensuring sustainable livelihoods. The programme is delivered through DHFL Skill Development Centres, across 23 locations in 5 States viz. Maharashtra, Madhya Pradesh, Jharkhand, Assam and Meghalaya.

This programme trained youth for the following job roles in financial year 2017-18:

- Business Correspondent (653)
- Loan Approval Officer (554)
- Microfinance Executive (539)
- Mason (329)
- Carpenter (342)
- Electrician (1108)
- Plumber (486)
- Refrigeration & Air Conditioning (RAC) (189)
- Automotive (70)
- Food and Beverages Steward (125)
- Hospitality (150)
- Welding (100)

The programme also extended to deliver up-skilling for Construction Workers (1500).

The Company has trained 6145+ youth in the above trades in financial year 2017-18.

The programme includes on-job trainings (OJTs) and ensures a minimum of 80% placement of the trained youth and post placement assistance for 6 months. The programme also creates linkages to government welfare schemes like Mudra loans for self-employment.

The programme is deepening its impact through collaborations with gram panchayats, industrial bodies, corporate entities and developers for placement and up-skilling.

The programme has established a hub-n-spoke model with sub-centres and satellite centres to reach out to youth in interior locations. The programme has also innovated with community-live projects to instill a feeling of giving back to the community and has been recognised as the 'Best

Institute for Innovation in Skills' by Assocham. The Company was also recognised as the 'Ideal Service Organisation' by Kruti Foundation, Kolhapur.

iii. Village Transformation with focus on drought mitigation

In response to the droughts in Aurangabad, Maharashtra, the Company started this holistic programme for water conservation and prevention of soil erosion in 2016. The programme has evolved as a comprehensive village transformation mission, supporting initiatives in multi cropping, village infrastructure development and environment issues.

The programme aims to address short term and long-term measures to mitigate the cause and effects of drought, thus alleviating poverty and implementing a comprehensive rural development programme. The Company has implemented the programme in five villages namely Babhulgaon, Chincholi, Daregaon Dari, Nandra and Waghola in the Phulambri block of Aurangabad, Maharashtra covering following key areas:

- Soil and Water Conservation
- Livestock Management
- Sustainable agriculture practices
- Sustainable community groups – Self Help Groups, Farmer Producing Organisations etc.
- Health and Sanitation in community

In financial year 2017-18, the Company introduced a series of interventions to make these five villages tobacco-free. 20,000+ villagers are impacted through this programme.

iv. Economic empowerment through financial literacy & inclusive growth

The Company has conceptualised and implemented a comprehensive programme to facilitate the journey from being 'financially illiterate' to 'financially sustainable', also aiding transition of informal settlements to formal housing , promoting Pradhan Mantri Awas Yojana.

This programme focuses on building community capacity through help centers & volunteers and facilitating skill development, livelihood linkages & linkages to various GOI welfare schemes.

The programme is implemented in 4 urban slum communities and reaches 40,000+ households.

To further generate awareness on basics of finance and government welfare schemes, the Company has designed a radio programme with All India Radio (AIR) for 9 stations, under 'Sharmaji ke Sawal. Vinodji ke Jawab.'

Note: The Company has appointed a professional Project Management Unit named Samhita Social Ventures Ltd. to support programme implementation as a project management unit for flagship programmes.

The CSR Policy of the Company has been outlined and uploaded on the Company's website and can be accessed at URL- <https://www.dhfl.com/docs/default-source/csr-docs/revised-csr-policy.pdf>. The details of the Company's CSR Projects/Programmes are available at URL <https://www.dhfl.com/corporate-social-responsibility>.

AUDITOR'S CERTIFICATE ON COMPLIANCE OF CONDITIONS OF CORPORATE GOVERNANCE

To
The Members,
Dewan Housing Finance Corporation Limited

INDEPENDENT AUDITORS' CERTIFICATE ON CORPORATE GOVERNANCE

This certificate is issued in accordance with the terms of our engagement with Dewan Housing Finance Corporation Limited ('the Company').

We have examined the compliance of conditions of Corporate Governance by the Company, for the financial year ended on March 31, 2018 as stipulated in Regulation 17 to Regulation 27 and clauses (b) to (i) of Regulation 46(2) and Para C, D, E of Schedule V of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations").

MANAGEMENTS' RESPONSIBILITY

The compliance of conditions of Corporate Governance is the responsibility of the Management. This responsibility includes the design, implementation and maintenance of internal control and procedures to ensure the compliance with the conditions of the Corporate Governance stipulated in the SEBI Listing Regulations.

AUDITOR'S RESPONSIBILITY

Our responsibility is limited to examining the procedures and implementation thereof, adopted by the Company for ensuring compliance with the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

We have examined the books of account and other relevant records and documents maintained by the Company for the purposes of providing reasonable assurance on the compliance with Corporate Governance requirements by the Company.

We have carried out an examination of the relevant records of the Company in accordance with the Guidance Note on Certification

of Corporate Governance issued by the Institute of the Chartered Accountants of India (the ICAI), the Standards on Auditing specified under Section 143(10) of the Companies Act 2013, in so far as applicable for the purpose of this certificate and as per the Guidance Note on Reports or Certificates for Special Purposes issued by the ICAI which requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI.

We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.

OPINION

Based on our examination of the relevant records and according to the information and explanations provided to us and the representations provided by the Management, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in Regulation 17 to 27 and clauses (b) to (i) of Regulation 46(2) and Para C, D and E of Schedule V of the SEBI Listing Regulations during the financial year ended March 31, 2018.

We state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

Report on Corporate Governance

In compliance with Regulation 34(3) and Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 [hereinafter referred as "SEBI Listing Regulations"], a Report on Corporate Governance for the Financial Year 2017-18 is presented below:

1. DHFL'S PHILOSOPHY ON CODE OF GOVERNANCE

Corporate governance encompasses a set of principles, systems, and practices through which the Board of Directors of the Company ensures integrity, transparency, fairness and accountability in the Company's relationship with all its stakeholders, viz. regulators, shareholders, creditors, government agencies, bankers, employees, among others. The code of corporate governance is based on the principle of making all the necessary decisions and disclosures, accountability and responsibility towards various stakeholders, complying with all the applicable laws and a continuous commitment of conducting business in a transparent and ethical manner. A good corporate governance framework incorporates a system of robust checks and balances between key players; namely, the Board, the management, auditors and various stakeholders.

We at DHFL, have been continuously strengthening the governance practices and have followed a trustworthy, transparent, moral and ethical conduct, both internally and externally, and are committed towards maintaining the highest standards of corporate governance practices and quality of disclosures thereunder, in the best interest of all its stakeholders.

DHFL believes that it not only has legal, contractual and social responsibilities, but also has obligations towards its stakeholders such as shareholders, bankers, regulators, government agencies, employees, investors, creditors and customers, among others. DHFL strives to provide all its stakeholders an access to clear, adequate and factual information relating to the Company. It promotes accountability of its management; and the Board of Directors of the Company acknowledges its responsibility towards all the stakeholders for creation and safeguarding their wealth.

The Company is also in compliance with the Housing Finance Companies – Corporate Governance (National Housing Bank) Directions, 2016 [hereinafter referred as "NHB CG Directions"].

2. BOARD OF DIRECTORS

DHFL's Board of Directors are committed towards upholding the highest standards of governance. The Board ensures the integrity of financial reporting system, financial & internal control, risk management and compliance with the applicable laws.

The Board monitors and approves the annual budgets, business plans & strategies and various policies of the Company. It also reviews the operational and financial performance of the Company. It also oversees the process of disclosure & communications made by the Company and ensures that a transparent nomination process to the Board of the Company is duly followed. Frequent and detailed interaction sets the agenda and provides the strategic roadmap for the Company's future growth.

The Board of Directors ensures proper delegation of appropriate authority and oversees the functioning of the Company and that of its management; and ensures that every decision taken is in the best interest of all the stakeholders of the Company.

Separate Independent Directors' Meeting

During the year 2017-18, a separate meeting of the Independent Directors without the presence of the non-Independent Directors and senior management members was held on March 18, 2018, in accordance with the provisions of "Schedule IV - Code for Independent Directors" of the Companies Act, 2013 and Regulation 25 of the SEBI Listing Regulations.

The Independent Directors, inter-alia, reviewed -

- the performance of Non-Independent Directors and the Board as a whole;
- the performance of the Chairperson of the Company, and
- the quality, quantity and timeliness of flow of information between the Company's management and the Board that is necessary for the Board to effectively and reasonably perform their duties.

Familiarization Programmes for the Independent Directors

The Company follows a structured orientation programme for its newly inducted Director(s) to ensure that they become fully aware of the industry in which the Company operates, the processes, systems and policies adopted and followed by the Company. The familiarization programme focuses on the business model and operations of the Company and aims at informing the directors on the legal, regulatory as well as socio-economic regime in which the Company functions.

The Company briefs its Independent Directors on the roles, rights and responsibilities of the Independent Directors, nature of the industry in which the Company operates, business and operations model, credit policies of the Company etc. It also ensures that regular updates are provided to all the Directors on the changes/revision in the Company's business model, new developments & initiatives undertaken by the Company, new processes & policies adopted/revised, amendment/introduction of applicable laws and/or regulations etc.

The familiarization programme for the new and continuing Independent Directors of the Company ensures valuable participation and inputs from them which helps in bringing forth the best practices into the organization and helps in taking informed decision(s) at the Board Level.

The details of familiarization programme imparted to the Independent Directors of the Company is available on the Company's website at the URL: <https://www.dhfl.com/docs/default-source/aboutus/familiarization-program.pdf>

3. COMMITTEES OF THE BOARD

The Board Committees constitute an important element of the governance process of the Company and are an integral arm of the Board to carry out its wide and diverse functions. The Board of Directors have constituted few committees namely – Audit Committee, Nomination and Remuneration Committee, Stakeholders' Relationship Committee, Risk Management Committee, Finance Committee and Corporate Social Responsibility Committee.

During the year as per the requirements of National Housing Bank (NHB), the Board at its meeting held on January 22, 2018 has constituted a special committee i.e. Review Committee for taking decisions with respect to the wilful defaulters.

The Board at its meeting held on April 30, 2018 constituted another special committee i.e. NCD Public Issue Committee for undertaking necessary decisions in relation to the proposed public Issue of Non-Convertible Debentures.

The Committees of the Board enable it to deal with specific areas/activities that need a closer review and to have an appropriate structure to assist in the discharge of their duties and responsibilities. The Committees of the Board meet at regular intervals and have the requisite subject expertise to handle and

resolve matters expediently. The Board overlooks the functioning of the Committees. The Chairman of the respective Committees briefs the Board on significant discussions and decision taken at their respective meetings. Minutes of the Committee Meetings are circulated and placed before the Board of Directors in the subsequent Board Meeting for their noting.

The Company Secretary acts as a Secretary to all the Committees of the Board.

Nomination, Remuneration and Evaluation Policy

The Company has a duly formulated Nomination (including Board Diversity), Remuneration and Evaluation Policy (NRE Policy) as per the provisions of Companies Act, 2013 and the SEBI Listing Regulations which, inter-alia, lays down the approach to diversity

of the Board, the criteria for identifying the persons who are qualified to be appointed as Directors and such persons who may be appointed as Senior Management Personnel of the Company and also lays down the criteria for determining the remuneration of the Directors, Key Managerial Personnel (KMP) and other employees and the process of their evaluation. The NRE Policy was last amended on April 30, 2018 pursuant to Ministry of Corporate Affairs (MCA) Notification No. S.O. 630(E) dated February 9, 2018 regarding notification of few Sections of the Companies (Amendment) Act, 2017. The said policy is available on the website of the Company at the URL: [https://www.dhfl.com/docs/default-source/investors/nomination-\(including-boards-diversity\)-remuneration-and-evaluation-policy-of-the-company/nomination-remuneration-evaluation-policy-revised.pdf](https://www.dhfl.com/docs/default-source/investors/nomination-(including-boards-diversity)-remuneration-and-evaluation-policy-of-the-company/nomination-remuneration-evaluation-policy-revised.pdf)

The attributes for appointment, components of the remuneration and the process of performance evaluation relating to the Directors, Key Managerial Personnel (KMP) and employees of the Company is explained below:

a. Appointment criteria, remuneration terms and performance evaluation of the Executive Director/Whole Time Director:

- The Executive Director/Whole Time Director is appointed as per the applicable provisions of Companies Act, 2013 and rules made there under. The person to be appointed/re-appointed as Executive Director/Whole Time Director is assessed against a range of personal attributes and criteria which includes but is not limited to qualifications, skills, industry experience, fit and proper criteria, background etc.
- The remuneration being paid to the Executive Director/Whole Time Director carries a balance between fixed and incentive pay (commission, bonus etc.) based on the performance objectives in relation to the operations of the Company. The Compensation (fixed salaries) paid to Executive Director/Whole Time Director is competitive and reflects the individual's role, responsibility and experience in relation to performance of business operations of the Company. This includes salary, allowances and other statutory/non-statutory benefits. The remuneration paid to the Executive Director/Whole Time Director also includes a variable component which is determined by the Committee/Board, based on the performance against pre-determined financial and non-financial parameters. The total managerial remuneration payable by the Company to the Executive Director/Whole Time Director is within the limits prescribed under the Companies Act, 2013.
- The Executive Director/Whole Time Director is evaluated on the basis of his present performance (financial/non-financial) and his achievements against various key performance parameters as defined by the Board of Directors of the Company. The performance evaluation of the Executive Director/Whole Time Directors is carried out by the Nomination and Remuneration Committee, the Independent Directors in a separate meeting, and by the Board of the Company without the presence of the Executive Director/Whole Time Director being evaluated. The re-appointment of

the Executive Director/Whole Time Director is on the basis of the report of his performance evaluation.

b. Appointment criteria, remuneration terms and performance evaluation of the Non - Executive Director(s)/Independent Directors:

- The NRE policy of the Company aims at promoting diversity on the Board. The Nomination and Remuneration Committee ensures that the Board at all times represents an optimum combination of Executive and Non-Executive Directors as well as Independent Directors with at least one woman Director and not less than fifty percent of the Board comprising of Independent Directors. The selection of suitable candidate(s) for the directorship of the Company is based on various criteria viz. educational and professional background, personal achievements, experience, skills etc.
- The Non - Executive Director is appointed as per the applicable provisions of the Companies Act, 2013 and rules made thereunder and assessed on various parameters such as qualification, relevant experience and expertise, integrity, skill sets etc. The appointment of Independent Directors is made in accordance with the provisions of Companies Act, 2013 and SEBI Listing Regulations. A formal letter of appointment is also issued to the Independent Directors upon their appointment. Independent Directors of the Company are not entitled to stock options.
- Commission, if any, paid to the Non-Executive Directors and the Independent Directors is within the monetary limits approved by the Members of the Company, subject to the overall ceiling of 1% of the net profits of the Company computed as per the applicable provisions of Companies Act, 2013. The sitting fee is paid to the Non-Executive Directors and the Independent Directors within the limits as prescribed under the Companies Act, 2013. The Company also reimburses the expenses for attending the Board and other Committee meetings including travelling, boarding and lodging expenses to the Non-Executive Directors and the Independent Directors.
- The performance evaluation of the Non-Executive Directors and the Independent Directors is carried out by the Nomination and Remuneration Committee and the Board of the Directors excluding the director being evaluated. The performance evaluation of the Non-Executive Director is also carried out by the Independent Directors in a separate meeting. Re-appointment of a Director is based on the report of performance evaluation.

c. Appointment criteria, remuneration terms and performance evaluation of the Senior Management Personnel and other employees:

- The Company appoints KMP i.e. Whole Time Director, Chief Executive Officer, Chief Financial Officer, and Company Secretary of the Company as per the provisions of Section 203 of the Companies Act, 2013. The Company recruits individuals with appropriate mix of skills, experience and

personal attributes. For the appointment of employees, the criteria such as qualifications, skills, regional and industry experience, background and other qualities required to operate successfully in the respective position and the extent to which the appointee is likely to contribute to the overall effectiveness of the organization, work constructively with the existing team and enhance the efficiencies of the Company is considered.

- The remuneration for the Chief Financial Officer and Company Secretary at the time of the appointment is approved by the Board and any subsequent increments is approved by the Chairman & Managing Director of the Company as per the HR and Nomination (including Boards' Diversity), Remuneration and Evaluation Policy of the Company and the same is placed before the Nomination and Remuneration Committee and the Board. The remuneration of the employees is determined, after considering the key factors like:
 - i. The level and composition of remuneration should be reasonable and sufficient to attract, retain and motivate directors/executives and should be in line with the industry practice aimed at promoting the short term and long-term interests and performance of the Company.
 - ii. Relationship of remuneration to performance is clear and meets appropriate performance benchmarks.
 - iii. Remuneration will involve a balance between fixed and incentive pay reflecting short and long-term performance objectives appropriate to the working of the Company and its goals.
- The performance of the other employees is evaluated on annual basis as per Company's and individual employees performance and contribution to the overall goals/objectives of the Company.

Details of the Evaluation Process

As per the provisions of the Companies Act, 2013 and SEBI Listing Regulations, the Nomination and Remuneration Committee carried out the evaluation of the performance of each Director of the Company at its meeting held on April 30, 2018 based on the criteria for evaluation/assessment of the Directors (including the Independent Directors) of the Company and the Board as a whole (including the Board Committees) as laid down by the Nomination and Remuneration Committee. As a part of the performance evaluation process, self-assessment was also carried out by all the Directors (including the Independent Directors).

Pursuant to the report/feedback on the evaluation as carried out by the Nomination and Remuneration Committee and the Independent Directors in a separate meeting, the Board conducted its formal annual evaluation of its own performance, its Committees and the individual directors (without the presence of the director being evaluated) at its meeting held on April 30, 2018. Basis the said evaluation, the Nomination and Remuneration Committee made recommendations for the re-appointment of Mr. Dheeraj Wadhawan.

Criteria for evaluation of Board and its Committees

The evaluation of the Board and its committees were based on the criteria, inter-alia, covering various assessment parameters like structure and composition, frequency & duration of meetings, its processes and procedures, effectiveness of the Board/committees, its financial reporting process including internal controls, review of compliances under various regulations, adequate discharge of responsibilities entrusted under various regulations and/or terms of reference of the committees etc.

Criteria for evaluation of Individual Directors

The criteria for evaluation of performance of the individual Directors included various parameters viz. attendance & participation during the meetings, their active contribution & independent judgment, cohesiveness, discussions/deliberations on important matters, understanding of the Company, etc. The Chairman & Managing Director and Joint Managing Director & Chief Executive Officer, in addition to the above, were also evaluated on their achievements against various key performance parameters (financial/non-financial) for the financial year 2017-18.

Business Responsibility Report

INTRODUCTION

The Securities and Exchange Board of India (SEBI) in 2012 mandated the top 100, and later in 2015 the top 500 listed entities on National Stock Exchange of India Limited and BSE Limited to prepare a 'Business Responsibility Report' as part of the annual report. This is as per clause (f) of sub regulation (2) of Regulation 34 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The report outlines the organization's performance from the environmental, social and governance perspective.

Dewan Housing Finance Corporation Limited ("DHFL") being part of the top 500 listed entities has initiated journey of developing the Business Responsibility Report (BRR) as part of Annual Report from FY 2016-17 onwards based on the suggested framework of SEBI, strengthening its commitment towards transparent disclosure of its environmental and social performance.

Recognizing the prevalent sentiment attached to having one's own home, DHFL set out on a mission to help the citizens fulfill their dreams and was thus established with the objective of providing affordable housing and housing-loans to people from all strata of society. With a focus on the Lower & Medium Income (LMI) segments, DHFL is ushering a new wave of financial inclusion by enabling access to affordable housing finance in semi-urban and rural parts of India.

Continuing on the Company's mission to tackle social issues, DHFL is committed to monitoring and reporting on its other social and environmental performance with the aim of providing a clear picture to the stakeholders and investors.

Section E: Principle-wise performance

Principle 1 (P1): Businesses should conduct and govern themselves with Ethics, Transparency and Accountability

Ethics is fundamental to the way we do business and DHFL is committed to uphold highest standards of integrity and transparency. As a responsible corporate we are cognizant of being accountable for the way we impact the society, economy and environment at large. At DHFL, we stand steadfast to ensure strict compliance to laws of the land and our employees, directors and value chain partners adhere to the norms of the Company.

The Company has in place the Code of Business Ethics (COBE) which aims at driving ethical behavior, acts as a guideline for ethical decision-making, enhances reputation, prevents negative legal consequences, encourages positive relationships, and prevents discrimination or harassment.

The COBE is a summary of certain policies which all employees are expected to adhere by and failure of which can result in stringent disciplinary action up to and including termination.

Some of the key policies in this code are:

- Maintaining accurate books and records
- Business use of equipment, data, and software
- Protecting confidential information
- Avoiding conflict of interest
- Maintaining a drug-free workplace
- Equal opportunity for employment
- Employee conduct and standards
- Prevention of sexual harassment
- Prevention of insider trading in the securities of the Company
- Release of financial information

1 Does the policy relating to ethics, bribery and corruption cover only the company? Yes/No. Does it extend to the Group/ Joint Ventures/Suppliers/Contractors/NGOs/Others?

Yes, it requires each employee, director, and business associate to abide by the various policies as outlined in the COBE so that reputation of the Company remains intact and we deliver as per the expectations of our stakeholders. Code of Conduct for Board and Senior Management as well as the Fair Practice Code and Whistle Blower Policy ensure that highest standards of personal and professional integrity are maintained within the organization. The Model Code of Conduct for Distributors, Brokers and Intermediaries is a mechanism to ensure that all distributors, brokers and other third party partners comply with the norms of the Company.

2 How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management? If so, provide details thereof, in about 50 words or so.

During the reporting period, the Company has received 40 complaints from its shareholders relating to non-receipt of

share transfer/bonus certificate, non-receipt of dividend, non-receipt of annual report etc. All the complaints were redressed to the satisfaction of the shareholders except one which was received in the month of March, 2018 and remained unresolved at the end of the financial year. The Company also received 28 complaints from fixed deposit holders and 1,334 complaints from its debenture holders and all the complaints stand resolved at the end of the financial year. It is the Company's endeavor to provide the best service to all stakeholders and resolve any complaints that may arise at the earliest.

Principle 2 (P2): Businesses should provide goods and services that are safe and contribute to sustainability throughout their life cycle

As a leading brand in Housing Finance, DHFL is taking concerted efforts in the realm of sustainable products in terms of providing housing loans for the LMI segment. These products are customized to cater to the needs, aspirations and limitations of the low and middle income group, thus making housing affordable for these sections of the society.

1 List up to 3 products or services whose design has incorporated social or environmental concerns, risks, and/or opportunities.

DHFL is based on the principles of social inclusion and welfare, where our founder Chairman Late Shri Rajesh Kumar Wadhawan dreamt of housing for all in 1984. Since inception, the core focus segment of the Company has been the lower and middle income group. Even today, majority of our home loan portfolio is below ₹ 30 Lakh. This highlights the Company's desire to serve the weaker section of the society and thereby contribute towards social upliftment and inclusion.

In line with the Government's initiative "Housing for all by 2022", the Company has introduced 'Jan Awas Home Loans' exclusively for economically weaker sections of society, under the Credit Linked Subsidy Scheme (CLSS) which aims at making the dream of owning a house a reality for thousands of Indians. Apart from this, DHFL actively participates in various schemes of National Housing Bank, such as the Golden Jubilee Rural Housing Refinance Scheme and Pradhan Mantri Awas Yojana (PMAY). The Company received an award for the Best Performing Primary Lending Institution under CLSS for MIG by My Liveable City and knowledge partner National Housing Bank.

Another major area of activity especially in Mumbai is slum-rehabilitation projects. DHFL is a pioneer and has expertise in handling Slum Rehabilitation Authority (SRA) projects for funding, which are fundamental in providing a more hygienic environment and infrastructure.

2 For each product, provide the following details in respect of resources (energy, water, raw material etc.) per unit of product (optional)

As a financial services organization, the Company is not directly involved in implementation phase, post the

disbursement of loans. However, it endeavors to identify projects which are planned for green building certification by the Indian Green Building Council (IGBC) and Green Rating for Integrated Habitat Assessment (GRIHA).

3 Does the company have procedures in place for sustainable sourcing (including transportation)?

The Company has taken multiple initiatives in order to reduce resource use. It has introduced e-board meetings which are conducted in a completely paperless manner thus making significant efforts to reduce the consumption of resources, specifically paper, wherever it can. Apart from this, the Company has taken note-worthy initiatives like making use of online/digital platforms for the application process, reducing the size of the diaries/calenders given to employees, thereby saving paper on a large scale.

The Company has also digitalized the operational process which enables the disbursement pay-outs without any manual intervention and helps to do bulk automated NEFT/RTGS as disbursal mode.

4 What percentage of the inputs were sourced sustainably?

As the Company is in the business of providing financial services and is not involved in any manufacturing activities, there are no significant inputs that can be sourced sustainably.

5 Has the company taken any steps to procure goods and services from local & small producers, including communities surrounding their place of work?

As the Company is in the business of providing financial services, the scope for procurement of goods from local and small producers is very limited.

6 Does the company have mechanism to recycle products and waste? If yes, what is the percentage of recycling waste and products?

The Company has moved its National office to a new IGBC Certified Green Building that provides a more comfortable and conducive environment for the employees with improved air quality, excellent daylighting and excellent health & well-being facilities.

During construction phase of Green Buildings renewable materials were used and majority of the resulting construction waste was recycled and reclaimed while the rest was sent to disposal facilities without harming the environment. Similarly, post construction, effective solid waste management ensures that whatever waste is generated will be disposed in a responsible manner.

Principle 3 (P3): Businesses should promote the wellbeing of all employees

We being in the service industry, employees are our key assets and are significant in driving business growth. Well-being programs lead to a significant increase in overall productivity of employees.

DHFL conducts multiple initiatives towards improving working conditions, providing a safe workplace, protecting their interests & human rights, and developing skillset both on a personal and professional level to ensure employees are motivated and high-performing thereby sustaining the business in the long run.

Workforce

1 Please indicate the Total number of employees.

As on March 31, 2018, there were 3,582 permanent employees who are employed in the Company.

2 Please indicate the Total number of employees hired on temporary/contractual/casual basis.

There are no employees hired on temporary/casual basis. However, the Company does have 6,185 number of outsourced employees, majority being employed in sales and non-sales functions of the Company.

3 Please indicate the Number of permanent women employees.

There were 358 women employed in the Company as on March 31, 2018.

4 Please indicate the Number of permanent employees with disabilities

There are currently 3 employees with disabilities.

5 Do you have an employee association that is recognised by management?

No such associations exist.

6 What percentage of your permanent employees is members of this recognised employee association?

This is not applicable.

Employee grievance handling mechanism

An effective grievance handling mechanism not only ensures a cordial work environment by redressing the grievance to mutual satisfaction, but also helps the management in framing policies and procedures acceptable to the employees. It offers a platform for the employees to express feelings, discontent and dissatisfaction in a formal way and guarantees a resolution or response to their concerns. As per the current grievance handling mechanism, employees can make use of the intranet to disclose their grievances. Moreover, the Company has formulated a Policy on Prevention, Prohibition & Redressal of Sexual Harassment of Women at Workplace and an Internal Complaints Committee has been constituted thereunder.

7 Please indicate the Number of complaints relating to child labour, forced labour, involuntary labour, sexual harassment in the last financial year and pending, as on the end of the financial year.

S. No.	Category	No. of Complaints filed during the financial year	No. of complaints pending as on end of this financial year
1	Child labour/forced labour/involuntary labour	NIL	NIL
2	Sexual harassment	NIL	NIL
3	Discriminatory employment	NIL	NIL

Training and Development

Training & Development is crucial for Company's sustainable growth as it supports professional development and empowers employees to deliver improved quality of service through its training intervention and motivating them to perform with renewed vigor and enthusiasm. Continuous training also helps to keep employees updated on cutting edge development in the industry. Employees who are competent and on the top of changing industry standards will also help DHFL hold its position as a leader and remain a strong competitor within the industry. The Company has nurtured in-house training expertise in the form of dedicated trainers, facilitators, content developers as well as subject matter experts from business teams. During the reporting period, training topics included a wide range of functional areas including sales skill development programs, credit analytical skills, appraisal techniques, fraud & risk management. We also organize external training programs which foster continuous and better performance through learning and job experience. The Company also provides a number of skill-based trainings along with mandatory trainings on KYC and AML and also COBE, Anti-Fraud and Ethics and Prevention of Sexual Harassment as part of the employee induction program.

DHFL's Human Resources initiatives and L&D systems are designed to ensure an active employee engagement process, leading to better organizational capability and vitality for maintaining a competitive edge and in pursuing its ambitious growth plans.

8 What percentage of your under mentioned employees were given safety & skill up-gradation training in the last year?

Category	Skill-upgradation Training	Safety Training
Permanent employees	55.5%	7.6%
Permanent employees with Disability	100%	100%

Principle 4 (P4): Businesses should respect the interests of, and be responsive to the needs of all stakeholders, especially those who are disadvantaged, vulnerable, and marginalized.

DHFL strongly believes that its stakeholders (both internal and external) play a pivotal role in the success and growth of the organization. DHFL identifies its stakeholders and understands the importance of engaging and communicating with them in order to recognize and cater to their needs. The investor relations department looks after retail and institutional investors and frequently connects with them through periodic earning calls as well as impromptu calls as and when needed.

The products and the relevant processes, are specially crafted by the Company to provide access to the LMI segment who are generally not that familiar and confident with formal banking mechanisms.

1 Has the company mapped its internal and external stakeholders?

Yes, the Company has identified and mapped its internal and external stakeholders.

2 Out of the above has the company identified the disadvantaged, vulnerable, and marginalized stakeholders?

The Company has identified the people from low income sections of society as those stakeholders who are in most need of intervention and support. On these lines the Company has designed its efforts along the focus areas of:

- Women empowerment and skilling
- Early childhood care & education
- Village development through awareness and resource efficient practices

3 Are there any special initiatives taken by the company to engage with the disadvantaged, vulnerable and marginalized stakeholders? If so, provide details thereof, in about 50 words or so.

For the development of villages in rural areas, the Company has started a holistic programme for water conservation and prevention of soil erosion in 2016. The programme has evolved as a comprehensive village transformation programme, supporting initiatives in multi cropping and village infrastructure development. During the reporting period, the Company has developed 3 year roadmap covering around 20,000+ villagers to make these villages tobacco-free through series of interventions.

The Company's flagship program "Early Childhood Care and Education"(ECCE) has been implemented in partnership with the Department of Women and Child Development (WCD), District Administration in Palghar District of Maharashtra and Bokaro District of Jharkhand in 2017-18. The programme covers 1886 Anganwadis in Palghar, Vasai, Dahanu and Talasari Talukas of Palghar District and 465 Anganwadis in Bokaro District and reaches out to over 1,20,000+ children and mothers. The ECCE programme has the below four components:

- **Education:** Capacity building of Child Development Project Officers (CDPO), Supervisors, Anganwadi Workers and Sevikas to deliver pre-school education.
- **Health & Nutrition:** Create awareness on health and nutrition among pregnant mothers, lactating mothers and adolescent girls in the community, strengthening community monitoring systems and empowering frontline workers to deliver preventive healthcare services.
- **Model Anganwadis:** Construct child centric anganwadis with locally available implements and using innovative design models. During the financial Year 2017-18, the Company collaborated with National Association of Students of Architecture (NASA) and launched a grand challenge to deliver 'model' child friendly anganwadis; the models will be implemented as a part of the programme across geographies.

- **Stakeholder Empowerment:** Create financial safety net for frontline workers through formation of Self Help Groups and facilitating forward and backward linkages.

Principle 5 (P5): Businesses should respect and promote human rights

Respecting human rights is fundamental in DHFL's business operations and is closely linked to advancing the long-term, sustainable development of the organization. DHFL is committed to respecting and safeguarding human rights of the employees as well as business associates. This is instrumental to achieving the Company's goals of employee satisfaction, increased productivity, and economic growth. Human rights is considered to be a key aspect in all relevant business decision making process; and appropriate steps are taken to ensure that no discrimination takes place either during the recruitment process or in the due course of employment at DHFL. The Company is committed to provide equal opportunities to all employees and qualified applicants without consideration to their race, caste, religion, color, ancestry, marital status, sex, age, nationality, disability and veteran status. The Company strives to create and maintain a work environment free of harassment, whether physical, verbal or psychological and its employees are treated with dignity, decency and respect.

DHFL is also committed to providing easy access to grievance reporting mechanisms for the stakeholders in the event of any adverse impacts that occur during the business operations.

1 Does the policy of the company on human rights cover only the company or extend to the Group/Joint Ventures/Suppliers/Contractors/NGOs/Others?

DHFL's human rights policy is based on the principle of protecting human rights across value chain. The Company adheres to all statutes which embodies the principles of human rights such as prevention of child labour, forced labour, woman empowerment etc.

2 How many stakeholder complaints have been received in the past financial year and what percent was satisfactorily resolved by the management?

The Company encourages its stakeholders to report on any concern relating to human rights and makes every effort to resolve all the complaints it receives. However, no stakeholder complaints with regard to human rights were received in the reporting year.

Principle 6 (P6): Businesses should respect, protect, and make efforts to restore the environment

In today's world, it is imperative to consider the impact of business operations on the environment, DHFL is also aware of harmful effects of climate-change and environmental degradation and stakeholders are equally concerned about it. The Company is committed to conduct its business operations responsibly by identifying environmental and social risk at an early stage and mitigate the risk by employing innovative and efficient technology solutions focusing on areas e.g. renewable energy utilisation and waste minimization.

The Company also encourages its employees and stakeholders to use electronic medium of communication and reduce usage of paper as far as possible.

DHFL believes that protecting the environment is crucial to ensuring that the current and future generations, can live without concern for health and wellbeing arising due to the effects of climate-change.

1 Does the policy related to Principle 6 cover only the company or extend to the Group/Joint Ventures/Suppliers/Contractors/NGOs/Others?

The Company's Sustainable Development Policy provides guidance to safeguard the environment and support economic growth by continually improving sustainability performance across value chain. The Policy outlines expectations from employees, the external business associates and other relevant stakeholders to ensure environmental integrity of business operations.

2 Does the company have strategies/initiatives to address global environmental issues such as climate change, global warming, etc.?

Being in the financial services sector, the Company's direct impact on the environment may not be very significant, however, we still have a role to play in ensuring that the indirect impact of our activities does not harm the environment. DHFL believes climate change related issues are not only of concern to the community but also to the Company's long-term growth and sustainability.

In our continuous endeavor to integrate environmental aspects into business operations, projects are appraised on environmental criteria and only those projects are considered for lending which ensure total compliance towards environmental clearances.

DHFL has undertaken multiple initiatives to combat the challenges posed by climate change. It has implemented a holistic watershed development programme across five villages in Aurangabad whereby 2,500 hectare area has been treated generating around 0.6 million liters of water potential. Moreover, in an attempt to combat issues e.g. deforestation, soil erosion, desertification, DHFL has planted more than 70,000 saplings during the reporting period. DHFL has also invited esteemed guests to conduct guest lecture sessions for its employees in various regional offices to create awareness in environment protection.

3 Does the company identify and assess potential environmental risks?

DHFL takes into consideration the environmental risks and impacts of the projects in the evaluation phase. It does not sanction loans for projects that do not have the requisite environmental clearance certificates. The Company is also cautious while providing loans for properties that pose an environmental risk or are not eco-friendly as per existing evaluation criteria.

4 Does the company have any project related to Clean Development Mechanism? If so, provide details thereof in about 50 words or so. Also, if Yes, whether environmental compliance report is filed?

The Company currently does not have any projects related to Clean Development Mechanism.

5 Has the company undertaken any other initiatives on – clean technology, energy efficiency, renewable energy, etc.? Y/N. If yes, please give hyperlink for web page etc.

DHFL has shifted its National office location to a new building which is a Green Building certified by IGBC thereby further minimizing the negative impacts to the environment to a certain extent.

The Company has also moved to a paperless process in its daily business operations through e-meetings and engaging with the customers through app and web-based applications for loans. The Company has been able to use star rated appliances wherever possible.

6 Are the Emissions/Waste generated by the company within the permissible limits given by CPCB/SPCB for the financial year being reported?

Although the Company currently does not have a defined mechanism for measuring the waste generated, it is proactive in its efforts to minimize the amount of waste generated in the offices.

7 Number of show cause/legal notices received from CPCB/SPCB which are pending (i.e. not resolved to satisfaction) as on end of Financial Year.

The Company has not received any show cause notices from either CPCB or SPCB in the reporting year.

Principle 7 (P7): Businesses, when engaged in influencing public and regulatory policy, should do so in a responsible manner

One of the key responsibility of any Organization is to promote a well-informed and empowered society through actively participating in the development and implementation of public policy. Effective policy advocacy using memberships in associations and trade chambers develops the Company's capacity to achieve the greatest good for the greatest number of people and communities it serves. The Company's active participation in important national level initiatives and associations are a testimony to the commitment towards responsible development.

1 Is your company a member of any trade and chamber or association? If Yes, Name only those major ones that your business deals with:

Yes, DHFL holds active memberships in associations where it can influence policies for development of public good. The Company is a member of the following associations where it actively participates in consultations and discussions for driving changes.

- ASSOCHAM (Associated Chambers of Commerce of India)

- IAMAI (Internet and Mobile Association of India)
- CII (Confederation of Indian Industry)
- NAREDCO (National Real Estate Development Council)

2 Have you advocated/lobbied through above associations for the advancement or improvement of public good? Yes/No; if yes specify the broad areas (Governance and Administration, Economic Reforms, Inclusive Development Policies, Energy security, Water, Food Security, Sustainable Business Principles, Others)

The Senior Management represents DHFL in such forums and is cognizant of the responsibility they shoulder as they engage in constructive dialogues and discussions to strengthen the financial system for the country, enhance financial literacy and affordable housing for economically weaker sections of the society. In this manner, the Company is able to influence policies at a national level which is in the interest of customers and community at large.

Principle 8 (P8): Businesses should support inclusive growth and equitable development.

Unless economic growth is holistic and not spread across all strata of the society, it fails to address the societal concerns e.g. poverty, unemployment and inequality. This is where, individual organizations can act responsibly and address the quality and inclusiveness of economic growth with the aim of creating shared value for organizations as well as the society.

For over three decades, DHFL has been instrumental in enabling easier access to home ownership amongst the lower and middle income (LMI) segment with a belief that one's own home, is synonymous with hope and aspiration.

DHFL has framed Corporate Social Responsibility Policy which encompasses the Company's philosophy for delineating its responsibility as a corporate citizen and undertakes CSR activities strategically, systematically and more thoughtfully thereby moving from institutional building to community development through its various CSR programs and projects.

1 Does the company have specified programmes/initiatives/projects in pursuit of the policy related to Principle 8? If yes details thereof.

(i) Skills Development for sustainable livelihoods

The Company delivers skill development programmes to youth from vulnerable populations, to empower them and create an ecosystem ensuring sustainable livelihoods. The programme is delivered through DHFL Skill Development Centres, across 23 locations in 5 States viz. Maharashtra, Madhya Pradesh, Jharkhand, Assam and Meghalaya.

The programme includes on-job trainings (OJTs) and ensures a minimum of 80% placement of the trained youth and post placement assistance for 6 months. The programme also creates linkages to Government welfare schemes like Mudra loans for self-employment. The programme is deepening its impact through collaborations

with gram panchayats, industrial bodies, corporate entities and developers for placement and up-skilling.

The programme has established a hub-n-spoke model with sub-centres and satellite centres to reach out to youth in interior locations. The programme has also innovated with community-live projects to instill a feeling of giving back to the community and has been recognised as the 'Best Institute for Innovation in Skills' by ASSOCHAM. The Company was also recognised as the 'Ideal Service Organisation' by Kruti Foundation, Kolhapur. During the reporting period, the Company has trained 6,145+ youth in the various trades including Business Correspondent, Loan Approval Officer, Microfinance Executive, Mason, Carpenter, Electrician, Plumber etc.

(ii) Economic empowerment through financial literacy & inclusive growth

The Company has conceptualized and implemented a comprehensive programme to facilitate the journey from being 'financially illiterate' to 'financially sustainable', also aiding transition of informal settlements to formal housing, promoting Pradhan Mantri Awas Yojana. This programme focuses on building community capacity through help centers & volunteers and facilitating skill development, livelihood linkages & linkages to various GOI welfare schemes. The programme is implemented in 4 urban slum communities and reaches 40,000+ households.

To further generate awareness on basics of finance and government welfare schemes, the Company has designed a radio programme with All India Radio (AIR) for 9 stations, under 'Sharmaji ke Sawal. Vinodji ke Jawab.'

2 Are the programmes/projects undertaken through in-house team/own foundation/external NGO/government structures/any other organization?

The Company has appointed a professional project management unit named Samhita Social Ventures Ltd. to support programme implementation for flagship CSR programmes. However, DHFL has considerable expertise towards implementing successful programmes within financial literacy and affordable housing for poor, urban communities and vulnerable populations and understands the need of low-income communities. Moreover, the Wholly Owned Subsidiary "DHFL Changing Lives Foundation" primarily drives Company's flagship CSR programme "Early Childhood Care and Education" (ECCE) by focusing on areas e.g. Education, Health & Nutrition, Model Anganwadis and Stakeholder empowerment.

3 Have you done any impact assessment of your initiative?

Quarterly reporting for tracking the programmes' performance is being done against key indicators. Also, the Corporate Social Responsibility committee of the Board oversees the initiatives undertaken by the Company.

5 Have you taken steps to ensure that this community development initiative is successfully adopted by the community? Please explain in 50 words, or so.

DHFL is keen on ensuring the adaptability of projects in the communities and thus it plans the exit timelines before beginning the project. In doing so, it is able to set a measurable timeline to fully execute the activities while being confident of the project being able to sustain even after it leaves the community. The Company has ensured that a group of trained, local individuals (Field Officers) from the

community itself would be able to provide continued support to the program even after the end of its direct intervention.

Principle 9 (P9): Businesses should engage with and provide value to their customers and consumers in a responsible manner.

DHFL strives to foster long-term relationships with customers as it continues to provide the best of services and products to the customers coming from all sections of society. Customer satisfaction is ensured through quick turnaround, while adhering

to the highest underwriting standards and an effective grievance mechanism to identify risks and concerns and improve effectively. During the reporting period, the Company has established two Central Processing Units (CPUs) at Mumbai and Hyderabad for its home loan customers which aims to deliver faster decision making and cost efficient processing.

The Company has also conceptualized the customer centric initiative i.e. 'Griha Utsav' Exhibitions- a platform to connect millions of LMI customers in the affordable housing segment in small towns and locations. During the financial year 2017-18, the Company conducted 31 such exhibitions and touched millions of lives by enabling home ownership.

1 What percentage of customer complaints/consumer cases are pending as on the end of financial year?

As on end of the financial year, the Company has received 1075 complaints from the customers (borrowers) and has satisfactorily resolved 99% of these complaints. It aims to achieve a 100% resolution rate to show its commitment to each and every stakeholder and assure them of excellent service.

2 Does the company display product information on the product label, over and above what is mandated as per local laws? Yes/No/N.A./Remarks (additional information)

As DHFL is in the business of providing housing loans, it does not have any product labels as such. The advertising is made as transparent as possible and carries all relevant information and instructions for customers to make an informed decision. Moreover, the funded properties are evaluated by in-house qualified civil engineers which helps inexperienced customers especially from LMI segment to take informed decision.

3 Is there any case filed by any stakeholder against the company regarding unfair trade practices, irresponsible advertising and/or anti-competitive behavior during the last five years and pending as on end of financial year. If so, provide details thereof, in about 50 words or so.

There are no complaints filed against the Company regarding unfair trade practices, irresponsible advertising and/or anti-competitive behavior during the last 5 years.

4 Did your company carry out any consumer survey/ consumer satisfaction trends?

The Company employs a Third Party Agency (TPA) for carrying out customer satisfaction survey which is approved by the CEO, legal and compliance heads. The process for the survey is as follows:

The consumer survey for getting their feedback regarding their experience in dealing with DHFL is a regular event which is carried out on periodic basis (monthly) by way of selection of an appropriate sample size. A topline report is generated every month giving the Company the scores on multiple parameters. In this manner, the Company is able to gauge the satisfaction levels of its customers and work towards improving their experience.

The Company's Customer Service mechanism comprises of multiple mid-level feedback and grievance redressal channels, spread over its branches, call centres, emails, letters, and social media, among others. A Board approved management level committee further reviews the grievances periodically to address the root causes. The Company has also simplified the process of customer on-boarding.

Independent Auditors' Report

**To the Members of
Dewan Housing Finance Corporation Limited**

REPORT ON THE STANDALONE FINANCIAL STATEMENTS

We have audited the accompanying standalone financial statements of Dewan Housing Finance Corporation Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2018, and the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information, in which are incorporated the Returns for the year ended on that date audited by the branch auditors of the Company's branches/offices at 250 locations.

MANAGEMENT'S RESPONSIBILITY FOR THE STANDALONE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of the appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and fair presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the standalone financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

OPINION

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2018, and its profit and its cash flows for the year ended on that date.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

- b) In our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books and proper returns adequate for the purpose of our audit have been received from branches not visited by us;
- c) The reports on the accounts of the branch offices of the Company audited under Section 143 (8) of the Act by branch auditors have been sent to us and have been properly dealt with by us in preparing this report;
- d) The Balance Sheet, Statement of Profit and Loss and Cash Flow Statement dealt with by this report are in agreement with the books of account and with the returns received from branches not visited by us;
- e) In our opinion, the aforesaid standalone financial statements comply with the accounting standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
- f) On the basis of written representations received from the directors as on March 31, 2018 taken on record by the Board of Directors, none of the directors are disqualified as on March 31, 2018, from being appointed as a director in terms of Section 164(2) of the Act;
- g) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting;
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rules 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
- i) The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements as referred to in Note 29 & 30 to the standalone financial statements;

Annexure A to the Independent Auditors' Report

on the Standalone Financial Statements of Dewan Housing Finance Corporation Limited

(Referred to in Paragraph 1 under the heading of "Report on other legal and regulatory requirements" of our report of even date)

- 1) In respect of its fixed assets:
 - a) The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets.
 - b) As explained to us, the fixed assets have been physically verified by the management in a phased periodical manner, which in our opinion is reasonable having regard to the size of the Company and nature of its assets. No material discrepancies were noticed on such physical verification.
 - c) According to the information and explanations given to us and the records examined by us and based on the examination of the registered sale deeds provided to us, we report that, the title deeds, comprising all the immovable properties in respect of buildings, are held in the name of the Company as at the balance sheet date. In respect of immovable properties i.e. buildings taken on lease and disclosed as fixed asset in the standalone financial statements, the lease agreements for the said buildings thereof are in the name of the Company.
- 2) As the Company had no Inventories during the year, clause (ii) of paragraph of 3 of the Order is not applicable to the Company
- 3) The Company has granted interest free unsecured loans to wholly owned subsidiaries amounting to ₹45 Lakh and the closing balance as at March 31, 2018 was ₹153 Lakh. In our opinion and according to information and explanations given to us, in respect of these loans:
 - a) The terms and conditions of the grant of such loans are not prejudicial to the company's interest.
 - b) There is no schedule of repayment of principal and are repayable on demand. Also, there is no stipulation as to date of payment of interest.
 - c) Since the principal and interest on these loans are repayable on demand, question of overdue amount does not arise.
- 4) Company has not directly or indirectly advanced loan to the person or given guarantees or securities in connection with the loan taken by persons covered under Section 185 of the Act. Company being a housing finance company, nothing contained in Section 186 is applicable to the company, except sub-section (1) of that Section.
- 5) Company being a housing finance company, the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the Companies (Acceptance of Deposits) Rules, 2014, as amended, with regard to the deposits accepted are not applicable to the company and hence reporting under Clause 3(v) of the Order is not applicable. According to the information and explanation given to us, no order has been passed by the National Company Law Tribunal or the National Housing Bank or the Reserve Bank of India or any Court or any other Tribunal.
- 6) To the best of our knowledge and explanations given to us, the Central Government has not prescribed the maintenance of cost records under sub-section (1) of Section 148 of the Act in respect of the activities undertaken by the Company.
- 7) In respect of Statutory dues:
 - a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been generally regular in depositing its undisputed statutory dues such as Provident Fund, Employees State Insurance, Income Tax, Service Tax, GST and any other material statutory dues, whichever is applicable to the Company with the appropriate authorities during the year. According to the information and explanation given to us, no undisputed amounts payable in respect of aforesaid dues were outstanding as at March 31, 2018 for a period of more than six months from the date they became payable.
 - b) According to the information and explanations given to us, no statutory dues are outstanding on account of dispute.
- 8) According to the information and explanations given to us and based on the records of the Company examined by us, the company has not defaulted in repayment of loans to any financial institutions, banks and dues to debenture holders. Company has not taken any loan from government.

- 9) The company has not raised money by way of initial public offer or further public offer (including debt instruments) and terms loans have been used for the purpose for which it has been raised.
- 10) According to the information and explanation given to us, no fraud by the Company and no material fraud on the company by its officers or employees has been noticed or reported during the year.
- 11) In our opinion and according to the information and explanation given to us, managerial remuneration has been paid or provided in accordance with the requisite approval mandated by the provision of Section 197 read with schedule V to the Act.
- 12) In our opinion company is not a nidhi company. Therefore, the provisions of clause (xii) of paragraph 3 of the Order are not applicable to the Company.
- 13) In our opinion and according to the information and explanations given to us, Company is in compliance with Sections 177 and 188 of the Act, wherever applicable, for all the transactions with related parties and their details have been disclosed in the standalone financial statements etc., as required by the applicable accounting standards.
- 14) In our opinion and according to the information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year and hence clause (xiv) of paragraph 3 of the Order is not applicable to the company.
- 15) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transaction with the directors or persons connected with him and covered under Section 192 of the Act. Hence, clause (xv) of the paragraph 3 of the Order is not applicable to the Company.

Annexure B to the Independent Auditors' Report

“Annexure B” to Independent Auditors’ Report referred to in paragraph 2(f) under the heading “Report on other legal and regulatory requirements” of our report of even date.

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the Internal Financial Control over financial reporting of **Dewan Housing Finance Corporation Limited** (“the Company”) as of March 31, 2018 in conjunction with our audit of the standalone financial statements of the Company for the year then ended.

MANAGEMENT RESPONSIBILITY FOR THE INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance

about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the standalone financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial

reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

1 CORPORATE INFORMATION

Dewan Housing Finance Corporation Limited ('DHFL'), 'the Company' was incorporated in India on April 11, 1984 and has been carrying on, as its main business of providing loans to Retail customers for construction or purchase of residential property, loans against property, loans to real estate developers and loans to SMEs. The company is registered with National Housing Bank (NHB) under Section 29A of the National Housing Bank Act, 1987.

2 SIGNIFICANT ACCOUNTING POLICIES:

2.1 Basis of preparation of financial statements:

- a) These financial statements are prepared and presented in accordance with the Generally Accepted Accounting Principles (GAAP) under historical cost convention on accrual basis of accounting, unless otherwise stated, and comply with the Accounting Standards as prescribed under Section 133 of the Companies Act, 2013 and the guidelines issued by the National Housing Bank to the extent applicable.
- b) The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities (including contingent liabilities) on the date of financial statements and the reported amount of revenues and expenses during the reporting period. Management believes that the estimates used in preparation of the financial statement are prudent and reasonable. The future results could differ due to these estimates and the differences between the actual results and estimates are recognised in the periods in which the results are known/materialise.
- c) Based on the nature of its activities, the Company has determined its operating cycle as 12 months for the purpose of classification of its Assets and Liabilities as current and non-current.
- d) Amounts in the financial statements are presented in ₹ Lakh, except for per share data and as otherwise stated. All exact amounts are stated with suffix "/-".

2.2 Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. In addition, the following criterias must also be met before revenue is recognised:

a) Interest on housing loans and other assets:

Repayment of housing loans is by way of Equated Monthly Installments (EMI) comprising principal

and interest. Interest is calculated each period on the outstanding balance at the beginning of the Company's financial year or on monthly reducing balance in terms of financing scheme opted by the borrower. EMI generally commences once the entire loan is disbursed. Pending commencement of EMI, pre-EMI monthly interest is payable.

Interest on performing assets is recognised on accrual basis and on non-performing assets on realisation basis as per the guidelines prescribed by the National Housing Bank. The interest income (payment) is adjusted for gain (loss) on corresponding hedge contracts/interest swap derivatives, wherever executed.

- b) Dividend income on investments is recognised when the right to receive the same is established. In term of Housing Finance Companies (NHB) Direction 2010 Dividend Income on units of Mutual Funds held by the Company are recognised on Cash Basis.
- c) Processing fees and other loan related charges are recognised when it is reasonable to expect ultimate collection which is generally at the time of Login/ disbursement of the loan.
- d) Additional/Overdue/penal interest/charges on delayed EMI/PEMI are recognised only when it is reasonably certain that the ultimate collection will be made.
- e) Income from services including trade mark license fees is recognised after the service is rendered and to the extent it is probable that the economic benefits will flow to the company and that the revenue can be reliably measured.

2.3 Interest & Ancillary Financial Cost:

Interest and other related financial charges are recognised as an expense in the period for which they relate as specified in Accounting Standard on 'Borrowing Costs' (AS 16). Ancillary costs in connection with the borrowings and deposit are amortised to statement of profit and loss over the tenure of loan/deposit. Brokerage on deposits taken is amortised over the period of deposit.

Share/debenture issues expenses and certain part of premium/discount on issue of debentures (net of tax) are adjusted against the Securities premium account as permissible under the Companies Act, 2013.

Interest accrued on cumulative fixed deposits and payable at the time of maturity is clubbed with the principal amount

Notes

forming part of the financial statements for the year ended March 31, 2018

on the date of periodical rest when interest is credited in Fixed Deposit account in accordance with the particular deposit scheme.

2.4 Foreign Exchange Transactions:

Transactions in foreign currencies are recorded at the exchange rates prevailing on the date of transaction.

Monetary Assets and liabilities in foreign currencies are converted at the rates of exchange prevailing on the date of the financial statement. The net gain or loss on account of exchange differences either on settlement or on translation are recognised in the Statement of Profit and Loss.

In respect of Forward Exchange Contracts, the premium or discount arising at the inception of forward exchange contracts is amortised as expense or income over the life of the contract. Exchange differences on such contracts on reporting dates are recognised in the Statement of Profit and Loss. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognised as income or as an expense in that year.

Derivative Transactions:

As a part of its risk management strategy, the Company has entered into derivatives like Interest Rate Swap, Cross Currency Swaps and Forward Contracts having the same notional amount and maturity as the underlying borrowings which are designated as fair value/cash flow hedge as applicable, as per Guidance Note on Derivatives (2015) issued by Institute of Chartered Accountants of India. All outstanding derivative contracts are marked-to-market as at the year end. The changes in fair value of hedges are recorded in income statement together with change in the fair value of underlying liability. Any profit/loss arising on cancellation/unwinding of derivative contracts are recognised as income or expenses.

2.5 Provision for Contingencies:

The Company makes provision towards Non Performing Assets and Standard Assets as per the Prudential Norms prescribed by the National Housing Bank. The Company also makes assessment of its portfolio and creates additional provision to meet unforeseen contingencies.

A loan is recognised under Sub Standard Assets or Doubtful or Loss Assets based on the period for which the repayment installment or interest has remained in arrears as prescribed under NHB Guidelines.

2.6 Investments:

Investments are accounted at cost inclusive of brokerage, fees and stamp charges and are classified into two

categories, viz. Current or Long-Term based on management's intention at the time of purchase.

Current investments are carried category wise, at the lower of cost and fair value, whereas Long-Term investments are carried at cost less provision for diminution, other than temporary, in the value of such investments. Unquoted current investments in units of Mutual Funds are valued as per NAV of the Plans.

Provision for diminution in the value of investments is made in accordance with the guidelines issued by the National Housing Bank and the Accounting Standard on 'Accounting for Investments' (AS 13) and is recognised through the Provision for Contingencies Account.

2.7 Property, Plant and Equipment:

Property, Plant and Equipment (PPE) are stated at cost less accumulated depreciation and impaired losses, if any. All directly attributable costs including borrowing cost, net of CENVAT/GST credit, till the asset is put to use is shown as capital work in progress and is capitalised thereafter.

Depreciation on PPE is provided on straight-line method by considering useful lives of assets which are same as specified in part 'C' of Schedule II to the Companies Act, 2013.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively.

2.8 Intangible Assets and Amortization:

Intangible assets comprising of system software are stated at cost less accumulated amortisation.

Intangible assets are amortised over their estimated useful life of 3 to 6 years on straight line method.

The amortisation period and the amortisation method for intangible assets with a finite useful life are reviewed at each reporting date.

2.9 Impairment of Assets:

Impairment losses (if any) on Assets are recognised in accordance with the Accounting Standard on 'Impairment of Assets' (AS 28). The Company assesses at each Balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the assets. An asset is treated as impaired when the carrying cost of assets exceeds its recoverable value.

Notes

forming part of the financial statements for the year ended March 31, 2018

2.10 Leases:

Operating Leases

Lease rentals in respect of assets taken on "Operating Leases" are charged to the Statement of Profit and Loss on straight line basis over the lease term.

Finance Leases

Finance leases, which effectively transfer to the Company substantially all the risks and rewards incidental to ownership of the leased item, are capitalised at the lower of the fair value and present value of the minimum lease payments at the inception of the lease and are accordingly disclosed. The capital element of the leasing commitments is shown as Secured Liabilities. Lease payments are apportioned between the finance charges and reduction of the corresponding liability based on the implicit rate of return.

2.11 Statutory/Special Reserve:

The Company creates Statutory/Special Reserve every year out of its profits in terms of Sec 36(1) (viii) of the Income Tax Act, 1961 read with Sec 29C of the National Housing Bank Act, 1987.

2.12 Prepaid Expenses:

Financial & Other Expenses incurred during the year which relates to future accounting years and brokerage paid on long-term fixed deposits has been treated as revenue expense only for the period relating to the current year and balance is treated as prepaid expenses to be adjusted on pro-rata time basis of respective instrument in the future accounting years.

2.13 Employees Benefits:

- a) Company's contribution in respect of Employees' Provident Fund made to Government is considered as defined contribution plan and is charged to the Statement of Profit & Loss.
- b) Gratuity Fund Scheme is considered as defined benefit plan. The Company's liability is determined on the basis of an actuarial valuation using the Projected Unit Credit Method as at Balance Sheet date. Actuarial gains and losses comprise experience adjustments and the effects of changes in actuarial assumptions and are recognised in the Statement of Profit and Loss as Income or Expenses, as applicable in the period in which they occur.
- c) Compensated Absences are accounted for on the basis of actuarial valuation at the year end using the Projected Unit Credit Method. Actuarial gains/losses are recognised in the Statement of Profit & Loss in the period in which they occur.

- d) Short-term employee benefits: The undiscounted amount of short-term employee benefits expected to be paid in respect of services rendered by employees are recognised during the year when the employees render the service.

- e) Company has introduced the Employee Stock Option Scheme ('the Scheme') which provides the grant of options to acquire equity shares of the Company to its employees. The options granted to employees vest in a graded manner and these may be exercised by the employees within a specified period.

The Company follows the intrinsic value method to account for its stock-based employee compensation plans. Compensation cost is measured by the excess, if any, of the market price of the underlying stock over the exercise price as determined under the option plan. The market price is the closing price on the stock exchange where there is highest trading volume on the working day immediately preceding the date of grant. Compensation cost, if any, is amortised over the vesting period.

The Company has also approved the grant of Employee Stock Appreciation Rights (SARs) to the eligible employees of the Company. The said SARs shall carry the right to apply for number of equity shares of the Company, equivalent to Appreciation in those rights, over the grant price.

The Company follows the intrinsic value method to account for its Employee Stock Appreciation Rights (SARs). Compensation cost is measured by the excess, if any, of the market price of the underlying stock over the exercise price as determined under the option plan. The market price is the closing price on the stock exchange where there is highest trading volume on the working day immediately preceding the date of grant. Compensation cost, if any, is amortised over the vesting period.

2.14 Earnings per share:

The Basic earning per share and Diluted earning per share have been computed in accordance with Accounting Standard on 'Earnings Per Share' (AS 20) and is also shown in the Statement of Profit and Loss.

Basic earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit after tax relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares

Notes

forming part of the financial statements for the year ended March 31, 2018

which could have been issued on the conversion of all dilutive potential equity shares which are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Company also discloses EPS (both basic and Diluted) for the accounting period, had the Fair value method being used for compensation cost for ESOS/SARs.

2.15 Taxes on Income:

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which during the specified period gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Company.

Deferred tax arising on account of timing differences and which are capable of reversal in one or more subsequent periods is recognised using the tax rates and tax laws that have been enacted or substantially enacted as at the reporting date. Deferred tax assets are recognised for timing differences, only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. Deferred tax assets arising from the timing differences on account of carry forward of losses and unabsorbed depreciation are recognised to the extent there are virtual certainties that they would be realised in future.

Deferred Tax liability on deduction claimed in earlier years u/s 36 (1)(viii) of the Income Tax Act 1961 has been provided in terms of National Housing Bank (NHB) policy circular.

2.16 Provisions, Contingent Liability and Contingent Assets:

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding

retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Contingent Liabilities are not recognised but are disclosed in the notes. Contingent Assets are neither recognised nor disclosed in the financial statements

2.17 Housing and Other Loans:

Housing Loans include outstanding amount of Housing Loans disbursed directly or indirectly to individual, project loans for residential buildings and other borrowers. Other loans include mortgage loan, non residential property loan, plot loan for self construction where construction has not begun in last three years and loan against the lease rental income from properties in accordance with directions of National Housing Bank (NHB). Other loans also include loans granted to Small & Medium Enterprises (SMEs) and certain part thereof are unsecured in terms of the particular scheme.

2.18 Securitised and Assigned Asset:

Securitised and Assigned Assets are derecognised in the books of the Company based on the principle of transfer of ownership interest over the assets.

2.19 Cash Flow Statement:

Cash flows are reported using the indirect method set out in Accounting Standard on 'Cash Flow Statement' (AS 3). The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

Cash and cash equivalents for the purpose of cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.

2.20 Assets repossessed under SARFAESI Act:

Assets repossessed under SARFAESI Act are part of NPA Portfolio of loans for which necessary provisions are being made and such assets are to be disposed off at the earliest, subject to legal formalities. Losses/gains, if any, are being booked at the time of sales realisation of such assets.

5.2 All Secured loans (Current and Non-Current portion), from the National Housing Bank (NHB), Other Banks, Foreign Financial Institution, Financial Institutions and Secured Non-Convertible Debentures/ZCD are secured by way of first charge to and in favor of participating banks, Institutions, National Housing Bank and Debenture Trustees jointly ranking pari passu (read with Note 8.1), inter-se, on the Company's whole of the present and future book debts, housing loan installments/receivables, investments including all the receivables of the Company and other movable assets, wherever situated, excluding SLR assets, read with Note 5.4 hereinafter. They are further secured on pari passu basis by constructive delivery of various title deeds of certain immovable properties of the Company, to Union Bank of India, acting for itself and as an agent of other participating lenders and Debenture trustees, and are also guaranteed by the promoter directors of the Company.

Pursuant to the refinancing arrangement with NHB, the Company has provided a non-disposal undertaking from the Promoters and Promoter Group with respect to their shareholdings in the Company and corporate guarantee from Wadhawan Global Capital Limited (promoter entity).

5.3 During the year Company availed ECB of USD 125 million under the ECB Refinance facility. The ECB was raised under the RBI Refinance Guidelines for Low Cost Affordable Housing Scheme of the Reserve Bank of India (RBI) under the approval route. The principal amount has been hedged by way of currency swaps to protect the foreign currency risk and converted into rupee liability of ₹ 78,425 Lakh in compliance of statutory requirement.

In the previous year, Company had availed ECB of total USD 150 million under two ECB facilities, both for a period of 5 years, respectively. The principal amount has been hedged by way of currency swaps to protect the foreign currency risk and converted into rupee liability, in compliance of statutory requirement.

As a part of Assets Liability management on account of the Companies adjustable rate home loan products as well as to reduce the overall cost of borrowing, during the year, the Company has entered into Interest Rate swaps wherein it has converted its variable rate rupee liability of notional amount of USD 145 million into fixed rate rupee liability.

As on March 31, 2018 the Company has an outstanding foreign currency borrowing of USD 459 million (USD 493 million) equivalent to ₹ 296,476 Lakh (₹ 317,355 Lakh).

5.4 The National Housing Bank directives require all HFCs accepting public deposits to create a floating charge on the statutory liquid assets maintained in favor of depositors through the mechanism of a trust deed. The Company has accordingly appointed a SEBI approved trustee Company as trustee for the above by executing the trust deed.

Accordingly, the public deposits of the company as defined in paragraph 2(1)(y) of the Housing Finance Companies (NHB) Directions, 2010, are secured by floating charge on the Statutory Liquid Assets maintained in terms of sub-Sections (1) & (2) of Section 29B of the National Housing Bank Act, 1987.

5.5 Unsecured Redeemable Non-Convertible Subordinated Debentures aggregating to ₹ 1,33,180 Lakh (₹ 1,50,680 Lakh), outstanding as at March 31, 2018, are subordinated to present and future senior indebtedness of the company. It qualifies as Tier II capital in accordance with National Housing Bank (NHB) guidelines for assessing capital adequacy based on balance term to maturity. These debentures are redeemable at par on maturity on various periods read with note no. 5.1

5.6 Fixed Deposits, Other Deposits and Other Borrowings including short-term fixed deposits and short-term other deposits, are repayable as per individual contracted maturities ranging from 12 to 120 months from the date of deposit. The interest is payable on contracted terms depending upon the scheme opted by the depositor.

5.7 Department of Company Affairs with reference to the General Circular no. 4/2003 vide G.S.R. 413 (E) dated 18.06.2014, had clarified that, Housing Finance Companies registered with National Housing Bank are exempted from the requirement of creating Debenture Redemption Reserve (DRR) in case of privately placed debentures. However, the Company needs to create DRR in case of public issue of Debentures and accordingly, the Company has created DRR as at year end March 31, 2018 to the tune of ₹ 117,000 Lakh against its public issue of Secured Redeemable Non-Convertible Debentures.

Independent Auditors' Report

**To the Members of
Dewan Housing Finance Corporation Limited**

REPORT ON THE CONSOLIDATED FINANCIAL STATEMENTS

We have audited the accompanying consolidated financial statements of Dewan Housing Finance Corporation Limited ("the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), its associates and jointly controlled entities, comprising of the Consolidated Balance Sheet as at March 31, 2018, the Consolidated Statement of Profit and Loss and the Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information, in which are incorporated the returns for the year ended on that date audited by the branch auditors of the Company's branches/offices at 250 locations (hereinafter referred to as "the consolidated financial statements").

MANAGEMENT'S RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group including its Associates and Jointly controlled entities in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

The respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act,

the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

OPINION

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of other auditors, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, its associates and jointly controlled entities as at March 31, 2018, and their consolidated profit and their consolidated cash flows for the year ended on that date.

OTHER MATTERS

We did not audit the financial statements of a subsidiary whose financial statements reflect total assets of ₹ 30,030 Lakh as at March 31, 2018, total revenues of ₹ 5 Lakh for the year then ended on that date, two joint ventures whose financial statements include Holding's company proportionate share of assets of ₹ 18,490 Lakh, share of revenue of ₹ 13,055 Lakh for the year ended on that date, as considered in the consolidated financial

statements, whose financial statements have not been audited by us. The consolidated financial statements also include the Group's share of net profit of ₹ 1,245 Lakh for the year ended March 31, 2018, as considered in the consolidated financial statements, in respect of two associates, whose financial statements have not been audited by us.

These financial statements and other financial information have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, jointly controlled entities and associates, and our report in terms of Sub-Sections (3) of Section 143 of the Act, insofar as it relates to the aforesaid subsidiaries, jointly controlled entities and associates, is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by Section 143(3) of the Act, we report, to the extent applicable, that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements;

Annexure A to Independent Auditors' Report

on the Consolidated Financial Statements of Dewan Housing Finance Corporation Limited

(Referred to in paragraph 2(g) under the heading "Report on other legal and regulatory requirements" of our report of even date)

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2018, we have audited the internal financial controls over financial reporting of Dewan Housing Finance Corporation Limited (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), its associates and jointly controlled entities incorporated in India, as of that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROL

The respective Board of Directors of the of the Holding company, its subsidiary companies, associates and jointly controlled entities, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the Holding Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing issued by ICAI prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements

and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors, as referred to in the Other Matters paragraph, the Holding Company, its subsidiaries, associates, and jointly controlled entities which are incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March

31, 2018, based on the internal control over financial reporting criteria established by these entities, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

OTHER MATTERS

Our aforesaid reports under Section 143(3) (i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to a subsidiary company, two associate companies and two jointly controlled entities, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies.

Notes

forming part of the Consolidated financial statements for the year ended March 31, 2018

1 SIGNIFICANT ACCOUNTING POLICIES:

1.1 Basis of preparation of financial statements:

- a) These financial statements are prepared and presented in accordance with the Generally Accepted Accounting Principles (GAAP) under historical cost convention on accrual basis of accounting and comply with the Accounting Standards as prescribed under Section 133 of the Companies Act, 2013 and the guidelines issued by the National Housing Bank to the extent applicable.
- b) The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities (including contingent liabilities) on the date of financial statements and the reported amount of revenues and expenses during the reporting period. Management believes that the estimates used in preparation of the financial statement are prudent and reasonable. The future results could differ due to these estimates and the differences between the actual results and estimates are recognised in the periods in which the results are known/materialise.
- c) Based on the nature of its activities, the Company has determined its operating cycle as 12 months for the purpose of classification of its Assets and Liabilities as current and non-current.
- d) Amounts in the financial statements are presented in ₹ Lakh, except for per share data and as otherwise stated.

1.2 Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. In addition, the following criterias must also be met before revenue is recognised:

a) Interest on housing loans and other assets:

Repayment of housing loans is by way of Equated Monthly Installments (EMI) comprising principal and interest. Interest is calculated each period on the outstanding balance at the beginning of the Company's financial year or on monthly reducing balance in terms of financing scheme opted by the borrower. EMI generally commences once the entire loan is disbursed. Pending commencement of EMI, pre-EMI monthly interest is payable.

Interest on performing assets is recognised on accrual basis and on non-performing assets on realisation basis

as per the guidelines prescribed by the National Housing Bank. The interest income (payment) is adjusted for gain (loss) on corresponding hedge contracts/interest swap derivatives, wherever executed.

- b) Dividend income on investments is recognised when the right to receive the same is established. In terms of Housing Finance Companies (NHB) Direction 2010 Dividend Income on units of Mutual Funds held by the Company are recognised on Cash Basis.
- c) Processing fees and other loan related charges are recognised when it is reasonable to expect ultimate collection which is generally at the time of Login/ disbursement of the loan.
- d) Additional/Overdue/penal interest/charges on delayed EMI/PEMI are recognised only when it is reasonably certain that the ultimate collection will be made.
- e) Income from services including trade mark license fees is recognised after the service is rendered and to the extent it is probable that the economic benefits will flow to the Company and that the revenue can be reliably measured.

f) Management and Trusteeship Fees - Mutual Fund

- i. Management and Trusteeship Fees are accrued at agreed rates on the daily net assets of the Mutual Fund Schemes using proportionate completion method.
- ii. Portfolio Management fees are recognised on an accrual basis in accordance with portfolio management agreement entered with respective client using proportionate completion method.

g) Amortisation of Discount/Premium

Accretion of discount or amortisation of premium to the face value in respect of debt securities, for funds other than linked funds, is recognised over the remaining period to maturity/holding period on straight line basis. In case of discounted instruments, the difference between the redemption value and book value is accreted over the life of the instrument, on straight line basis.

1.3 Interest & Ancillary Financial Cost:

Interest and other related financial charges are recognised as an expense in the period for which they relate as specified in Accounting Standard on 'Borrowing Costs' (AS 16). Ancillary costs in connection with the borrowings

Notes

forming part of the Consolidated financial statements for the year ended March 31, 2018

and deposit are amortised to Statement of Profit and Loss over the tenure of loan/deposit. Brokerage on deposits taken is amortised over the period of deposit.

Share/debenture issues expenses and certain part of premium/discount on issue of debentures (net of tax) are adjusted against the Securities premium account as permissible under the Companies Act, 2013.

Interest accrued on cumulative fixed deposits and payable at the time of maturity is clubbed with the principal amount on the date of periodical rest when interest is credited in Fixed Deposit account in accordance with the particular deposit scheme.

1.4 Foreign Exchange Transactions:

Transactions in foreign currencies are recorded at the exchange rates prevailing on the date of transaction.

Monetary Assets and Liabilities in foreign currencies are converted at the rates of exchange prevailing on the date of the financial statement. The net gain or loss on account of exchange differences either on settlement or on translation are recognised in the Statement of Profit and Loss.

In respect of Forward Exchange Contracts, the premium or discount arising at the inception of forward exchange contracts is amortised as expense or income over the life of the contract. Exchange differences on such contracts on reporting dates are recognised in the Statement of Profit and Loss. Any profit or loss arising on cancellation or renewal of forward exchange contract is recognised as income or as an expense in that year.

Derivative Transactions:

As a part of its risk management strategy, the Company has entered into derivatives like Interest Rate Swap, Cross Currency Swaps and Forward Contracts having the same notional amount and maturity as the underlying borrowings which are designated as fair value/cash flow hedge as applicable, as per Guidance Note on Derivatives (2015) issued by Institute of Chartered Accountants of India. All outstanding derivative contracts are marked-to-market as at the year end. The changes in fair value of hedges are recorded in income statement together with change in the fair value of underlying liability. Any profit/loss arising on cancellation/unwinding of derivative contracts are recognised as income or expense.

1.5 Provision for Contingencies:

The Company makes provision towards Non Performing Assets and Standard Assets as per the Prudential Norms

prescribed by the National Housing Bank. The Company also makes assessment of its portfolio and creates additional provision to meet unforeseen contingencies.

A loan is recognised as Sub Standard Assets or Doubtful or Loss Assets based on the period for which the repayment installment or interest has remained in arrears as prescribed under NHB Guidelines.

1.6 Investments:

Investments are accounted at cost inclusive of brokerage, fees and stamp charges and are classified into two categories, viz. Current or Long-Term based on management's intention at the time of purchase.

Current investments are carried category wise, at the lower of cost and fair value, whereas Long-Term investments are carried at cost less provision for diminution, other than temporary, in the value of such investments. Unquoted current investments in units of Mutual Funds are valued as per NAV of the Plan.

Provision for diminution in the value of investments is made in accordance with the guidelines issued by the National Housing Bank and the Accounting Standard on 'Accounting for Investments' (AS 13) and is recognised through the Provision for Contingencies Account.

1.7 Property, Plant & Equipment:

Property, Plant and Equipment (PPE) are stated at cost less accumulated depreciation and impaired losses, if any. All directly attributable costs including borrowing cost, net of CENVAT/GST credit, till the asset is put to use is shown as capital work in progress and is capitalised thereafter.

Depreciation on PPE is provided on straight-line method by considering useful lives of assets which are same as specified in part 'C' of Schedule II to the Companies Act, 2013.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively.

1.8 Intangible Assets and Amortisation:

Intangible assets comprising of system software are stated at cost less accumulated amortisation. Intangible assets are amortised over their estimated useful life of 3 to 6 years on straight line method. The amortisation period and the amortisation method for intangible assets with a finite useful life are reviewed at each reporting date.

Notes

forming part of the Consolidated financial statements for the year ended March 31, 2018

1.9 Impairment of Assets:

Impairment losses (if any) on Assets are recognised in accordance with the Accounting Standard on 'Impairment of Assets' (AS 28). The Company assesses at each Balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the assets. An asset is treated as impaired when the carrying cost of assets exceeds its recoverable value.

1.10 Leases:

Operating Leases

Lease rentals in respect of assets taken on "Operating Leases" are charged to the Statement of Profit and Loss on straight line basis over the lease term.

Finance Leases

Finance leases, which effectively transfer to the Company substantially all the risks and rewards incidental to ownership of the leased item, are capitalised at the lower of the fair value and present value of the minimum lease payments at the inception of the lease and are accordingly disclosed. The capital element of the leasing commitments is shown as Secured Liabilities. Lease payments are apportioned between the finance charges and reduction of the corresponding liability based on the implicit rate of return.

1.11 Statutory/Special Reserve:

The Company creates Statutory/Special Reserve every year out of its profits in terms of Sec 36(1) (viii) of the Income Tax Act, 1961 read with Sec 29C of the National Housing Bank Act, 1987.

1.12 Prepaid Expenses:

Financial & Other Expenses incurred during the year which relates to future accounting years and brokerage paid on long-term fixed deposits has been treated as revenue expense only for the period relating to the current year and balance is treated as prepaid expenses to be adjusted on pro-rata time basis of respective instrument in the future accounting years.

1.13 Mutual Fund Expenses

- i) Annual recurring expenses related to the schemes of mutual fund which are in excess of internal expense limits are borne by the Company.
- ii) The Company also absorbs the expenses relating to the launch of the schemes of Pramerica Mutual Fund.

- iii) Upfront brokerage on close ended fixed tenure schemes is amortised over the tenure of the respective scheme and in case of Equity Linked Saving Scheme (ELSS), upfront brokerage is amortised over three years. The unamortised portion of the brokerage is carried forward as prepaid expense. Any other brokerage is charged to Statement of Profit and Loss in the year in which it is incurred.

1.14 Employees' Benefits:

- a) Company's contribution in respect of Employees' Provident Fund made to Government is considered as defined contribution plan and is charged to the Statement of Profit & Loss.
- b) Gratuity Fund Scheme is considered as defined benefit plan. The Company's liability is determined on the basis of an actuarial valuation using the Projected Unit Credit Method as at Balance Sheet date. Actuarial gains and losses comprise experience adjustments and the effects of changes in actuarial assumptions and are recognised in the Statement of Profit and Loss as Income or Expenses, as applicable in the period in which they occur.
- c) Compensated Absences are accounted for on the basis of actuarial valuation at the year end using the Projected Unit Credit Method. Actuarial gains/losses are recognised in the Statement of Profit & Loss in the period in which they occur.
- d) Short-term employee benefits:
The undiscounted amount of short-term employee benefits expected to be paid in respect of services rendered by employees are recognised during the year when the employees render the service.
- e) Company has introduced the Employee Stock Option Scheme ('the Scheme') which provides the grant of options to acquire equity shares of the Company to its employees. The options granted to employees vest in a graded manner and these may be exercised by the employees within a specified period.

The Company follows the intrinsic value method to account for its stock-based employee compensation plans. Compensation cost is measured by the excess, if any, of the market price of the underlying stock over the exercise price as determined under the option plan. The market price is the closing price on the stock exchange where there is highest trading

volume on the working day immediately preceding the date of grant. Compensation cost, if any, is amortised over the vesting period.

The Company has also approved the grant of Employee Stock Appreciation Rights (SARs) to the eligible employees of the Company. The said SARs shall carry the right to apply for number of equity shares of the Company, equivalent to Appreciation in those rights, over the grant price.

The Company follows the intrinsic value method to account for its Employee Stock Appreciation Rights (SARs). Compensation cost is measured by the excess, if any, of the market price of the underlying stock over the exercise price as determined under the option plan. The market price is the closing price on the stock exchange where there is highest trading volume on the working day immediately preceding the date of grant. Compensation cost, if any, is amortised over the vesting period.

1.15 Earnings per share:

The Basic earning per share and Diluted earning per share have been computed in accordance with Accounting Standard on 'Earnings Per Share' (AS 20) and is also shown in the Statement of Profit and Loss.

Basic earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit after tax relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares which are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Company also discloses EPS (both basic and diluted) for the accounting period, had the Fair value method being used for compensation cost for ESOS/SARs.

1.16 Taxes on Income:

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which during the specified period gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax.

Accordingly, MAT is recognised as an asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Company.

Deferred tax arising on account of timing differences and which are capable of reversal in one or more subsequent periods is recognised using the tax rates and tax laws that have been enacted or substantially enacted as at the reporting date. Deferred tax assets are recognised for timing differences, only to the extent that reasonable certainty exists that sufficient future taxable income will be available against which these can be realised. In the event of existence of carry forward of losses and unabsorbed depreciation, deferred tax assets are recognised to the extent there are virtual certainties supported by convincing evidence that they would be realised in future.

Deferred Tax liability on deduction claimed in earlier years u/s 36 (1)(viii) of the Income Tax Act 1961 has been provided in terms of National Housing Bank (NHB) policy circular.

1.17 Provisions, Contingent Liability and Contingent Assets:

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Contingent Liabilities are not recognised but are disclosed in the notes. Contingent Assets are neither recognised nor disclosed in the financial statements

1.18 Housing and Other Loans:

Housing Loans include outstanding amount of Housing Loans disbursed directly or indirectly to individual, project loans for residential buildings and other borrowers. Other loans include mortgage loan, non residential property loan, plot loan for self construction where construction has not begun in last three years and loan against the lease rental income from properties in accordance with directions of National Housing Bank (NHB). Other loans also include loans granted to Small & Medium Enterprise (SME) and certain part there of are unsecured in terms of the particular scheme.

1.19 Securitised Assets:

Securitised and Assigned Assets are derecognised in the books of the Company based on the principle of transfer of ownership interest over the assets.

1.20 Cash Flow Statement:

Cash flows are reported using the indirect method set out in Accounting Standard on 'Cash Flow Statement' (AS 3). The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

Cash and cash equivalents for the purpose of cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.

1.21 Assets repossessed under SARFAESI Act:

Assets repossessed under SARFAESI Act are part of NPA Portfolio of loans for which necessary provisions are being made and such assets are to be disposed off at the earliest, subject to legal formalities. Losses/gains, if any, are being booked at the time of sales realisation of such assets.

5.2 All Secured loans (Current and Non-Current portion), from the National Housing Bank, Other Banks, Foreign Financial Institution, Financial Institutions and Secured Non Convertible Debentures/ZCD are secured by way of first charge to and in favour of participating banks, Institutions, National Housing Bank and Debenture Trustees jointly ranking pari passu (read with Note 9.1), inter-se, on the Company's whole of the present and future book debts, housing loan installments/receivables, investments including all the receivables of the Company and other movable assets, wherever situated, excluding SLR assets, read with Note 5.4 hereinafter and term loans from banks, debentures and certain ECBs are further secured on pari passu basis by constructive delivery of title deeds of certain immovable properties of the Company, to Union Bank of India, acting for itself and as an agent of other participating lenders and Debenture trustees, and are also guaranteed by the promoter directors of the Company.

Pursuant to the refinancing arrangement, the Company has provided to NHB certain standard documents such as a non-disposal undertaking from the Promoters and Promoter Group with respect to their shareholdings and corporate guarantee from Wadhawan Global Capital Pvt Limited (promoter entity).

5.3 During the year Company availed ECB of USD 125 million under the ECB Refinance facility from following parties. The ECB was raised under the RBI Refinance Guidelines for Low Cost Affordable Housing Scheme of the Reserve Bank of India (RBI) under the approval route. The principal amount has been hedged by way of currency swaps to protect the foreign currency risk and converted into rupee liability of ₹ 78,425 Lakh in compliance of statutory requirement.

In the previous year, Company had availed total ECB of total USD 150 million under two ECB facilities, both for a period of 5 years, respectively. The principal amount has been hedged by way of currency swaps to protect the foreign currency risk and converted into rupee liability, in compliance of statutory requirement.

As a part of Assets Liability management on account of the Companies adjustable rate home loan products as well as to reduce the overall cost of borrowing, during the year, the Company has entered into Interest Rate swaps wherein it has converted its variable rate rupee liability of notional amount of USD 145 million into fixed rate rupee liability.

As on March 31, 2018 the Company has an outstanding foreign currency borrowing of USD 459 million (USD 493 million) equivalent to ₹ 296,476 Lakh (₹ 317,355 Lakh).

5.4 The National Housing Bank directives require all HFCs accepting public deposits to create a floating charge on the statutory liquid assets maintained in favor of depositors through the mechanism of a trust deed. The Company has accordingly appointed a SEBI approved trustee Company as trustee for the above by executing the trust deed.

Accordingly, the public deposits of the Company as defined in paragraph 2(1)(y) of the Housing Finance Companies (NHB) Directions, 2010, are secured by floating charge on the Statutory Liquid Assets maintained in terms of Sub-Sections (1) & (2) of Section 29B of the National Housing Bank Act, 1987.

5.5 Unsecured Redeemable Non Convertible Subordinated Debentures aggregating to ₹ 1,33,180 Lakh (₹ 1,50,680 Lakh), outstanding as at March 31, 2018, are subordinated to present and future senior indebtedness of the Company. It qualifies as Tier II capital in accordance with National Housing Bank (NHB) guidelines for assessing capital adequacy based on balance term to maturity. These debentures are redeemable at par on maturity on various periods read with note No. 5.1

5.6 Fixed Deposits, Other Deposits and other borrowings, including short term fixed deposits and short term other deposits, are repayable as per individual contracted maturities ranging from 12 to 120 months from the date of deposit. The interest is payable on contracted terms depending upon the scheme opted by the depositor.

5.7 Department of Company Affairs with reference to the General Circular no. 4/2003 vide G.S.R. 413 (E) dated 18.06.2014, had clarified that, Housing Finance Companies registered with National Housing Bank are exempted from the requirement of creating Debenture Redemption Reserve (DRR) in case of privately placed debentures. However, the Company needs to create DRR in case of public issue of Debentures and accordingly, the Company has created DRR as at year end March 31, 2018 to the tune of ₹ 117,000 Lakh against its public issue of Secured Redeemable Non-Convertible Debentures.
